## **Superhero Slogans For Schools:**

Teaching Is for Superheroes! Daniel J. Bergman, 2023-05-22 This isn't your average teaching book. With a fun comic book inspired layout, *Teaching Is for Superheroes* skips the information overload and gives you practical action steps for igniting enthusiasm in your K-12 classroom and achieving your professional goals. Now more than ever, teachers are in high demand, yet the threat of burnout still looms large. This book will help you keep the spark alive, engaging you in a deeper examination of education by way of entertaining superhero archetypes and tropes. What's your teaching origin story? Your secret identity? Your powers, weaknesses, nemeses? The teachers as superheroes metaphor provides a rich venue through which you can thoughtfully analyze your purpose and pedagogy. This high-quality, eye-catching book offers you an inspirational springboard for practical insight and application in the classroom. You'll gain ideas for surviving your first year, navigating social media as a teacher, interacting productively with colleagues and parents, using tech in the classroom, prioritizing self-care, harnessing your teacher superpowers, and even dressing for teaching success. The school setting may not be as glamorous as the futurist skyscrapers, alien planets, or alternate universes we see in movies and comics, but the adventure is just as exciting, and best of all, it's real. Gain teaching insights, tips, and advice in an entertaining superhero-inspired format. Identify your teaching superpowers and weaknesses and learn to lean on others when needed. Explore the universe of teaching to understand where you fit in and how you can leave your legacy. Equip yourself with the gadgets and gizmos you need to sharpen your skills and power up your classroom. Current and future K-12 educators, pick up *Teaching Is for Superheroes*, put on your cape, and start saving the world, one class at a time.

*Comic Connections* Sandra Eckard, 2018-01-03 With the popularity of comic adaptations on television and at the movies, these current topics can be a great way to engage students by bringing characters and stories they connect with into the classroom to help them build the skills that they need to be successful. *Comic Connections: Reflecting on Women in Popular Culture* is designed to help teachers from middle school through college find exciting new strategies that they can use right away as part of their curricular goals. Each chapter has three pieces: comic relevance, classroom connections, and concluding thoughts. This format allows a reader to pick and choose where to start. Some readers might want to delve into the history of a comic to better understand characters and their usefulness, while other readers might want to pick up an activity, presentation, or project that they can fold into that day's lesson. This volume in the *Comic Connections* series focuses on female characters: Wonder Woman, Peggy Carter, and Lois Lane, to name a few, with each chapter deconstructing a specific character to help students engage in meaningful conversations, writing projects, and other activities that will complement and enhance their literacy skills.
