Thomas A. Regelski, 2021 Curriculum decisions are the foundation of education. They determine the knowledge, understandings, skills, attitudes, and values deemed necessary for today's students. Beyond musical competencies, a curriculum is therefore the most important responsibility facing music educators, one that goes well beyond the skills of simply delivering an individual lesson and accounts for beneficial outcomes for individual students, graduates, and ultimately the world of music. Oddly, however, curriculum theory and design for music education have been left to the sidelines in undergraduate music education. And it is usually no more on the radar of in-service teachers despite the fact that the U.S. politics governing school curriculum are constantly in public view. e.g. U.S. No Child Left Behind, Common Core Curriculum, Philosophy and Theory for Music Education. Praxis remedies this with a practical overview of curriculum basics and their implications for music education. Mindful of traditional philosophical roots of curriculum foundations that still impact contemporary strategy, author Thomas A. Regelski offers a model curriculum based on recent praxis theory in which musical and educational benefits are evident to students, administrators, and taxpayers who ultimately fund music programs. **The Unmotivated Child** Natalie Rathvon, 2010-06-15 The Unmotivated Child offers parents, kids, and teachers fast answers and solid solutions. A guide for parents of underachieving youngsters presents five methods for communicating constructively, seven strategies for overcoming the homework trap, seven techniques for working with teachers, and guidelines for supporting the student through the change process. Natalie Rathvon solves the mystery of underachievement in children by looking beneath the child's surface behavior. She discloses the beliefs that influence an underachiever's attitude and actions and pinpoints the warning signs to watch out for in elementary, middle, and high school students. *South Carolina's Turkish People* Terri Ann Ognibene, Glen Browder, 2018-04-15 The story of misunderstood immigrants and their struggle to gain recognition and acceptance in the rural South. Despite its reputation as a melting pot of ethnicities and races, the United States has a well-documented history of immigrants who have struggled through isolation, segregation, discrimination, oppression, and assimilation. South Carolina is home to one such group, known historically and derisively as the Turks, which can trace its oral history back to Joseph Benenhaley, an Ottoman refugee from Old World conflict. According to its traditional narrative, Benenhaley served with Gen. Thomas Sumter in the Revolutionary War. His dark-hued descendants lived insular lives in rural Sumter County for the next two centuries, and only in recent decades have they enjoyed the full blessings of the American experience. Early scholars ignored the Turkish tale and labeled these people tri-racial isolates, and later writers disparaged them as so-called Turks. But members of the group persisted in claiming Turkish descent and living reclusively for generations. Now, in *South Carolina's Turkish People*, Terri Ann Ognibene and Glen Browder confirm the group's traditional narrative through exhaustive original research and oral interviews. In search of definitive documentation, Browder combed through a long list of primary sources, including historical reports, public records, and private papers. He also devised new evidence, such as a reconstruction of Turkish lineage of the 1800s through genealogical analysis and genetic testing.

Ognibene a descendant of the state's Turkish population conducted personal interviews with her relatives who had been in the community since the 1900s They talked at length and passionately about their cultural identity their struggle for equal rights and the mixed benefits of assimilation Ognibene's and Browder's findings are clear South Carolina's Turkish people finally know and can celebrate their heritage **Michigan's Outstanding Secondary Schools**, 1982 **Congressional Record** United States.
