Certifying First Assistant Surgical Review Workbook Lonnie Bargo, 2008-10-22 Ten chapters based on various surgical procedures, each one an overview of the surgery from an assistant's point of view, all the things that would be covered in our normal duties. Then an area where the potential assistant can write an essay about a case that they themselves have done in the past. Next is 100 sample test questions, 50 multiple choice just as the actual test has and then 50 of true or false just to reaffirm their learning in that area. There is a page to mark your answers and a page with the actual answers to check you're self. I have taken the test from both certifying boards and after using this book the student should be ready to take the actual test with out a problem. My book has a total of 1000 questions and the actual test has 250 questions. The certifying review book will cover all anatomical areas thoroughly.
