Survivors Of Slavery Modern Day Slave Narratives:

Survivors of Slavery Laura T. Murphy, 2014-03-25 Slavery is not a crime confined to the far reaches of history. It is an injustice that continues to entrap twenty-seven million people across the globe. Laura Murphy offers close to forty survivor narratives from Cambodia, Ghana, Lebanon, Macedonia, Mexico, Russia, Thailand, Ukraine, and the United States, detailing the horrors of a system that forces people to work without pay and against their will under the threat of violence with little or no means of escape. Representing a variety of circumstances in diverse contexts, these survivors are the Frederick Douglasses, Sojourner Truths, and Olaudah Equiano of our time, testifying to the widespread existence of a human rights tragedy and the urgent need to address it. Through storytelling and firsthand testimony, this anthology shapes a twenty-first-century narrative that many believe died with the end of slavery in the Americas. Organized around such issues as the need for work, the punishment of defiance, and the move toward activism, the collection isolates the causes, mechanisms, and responses to slavery that allow the phenomenon to endure. Enhancing scholarship in women's studies, sociology, criminology, law, social work, and literary studies, the text establishes a common trajectory of vulnerability, enslavement, captivity, escape, and recovery, creating an invaluable resource for activists, scholars, legislators, and service providers.

The New Slave Narrative Laura T. Murphy, 2019-09-17 A century and a half after the abolition of slavery in the United States, survivors of contemporary forms of enslavement from around the world have revived a powerful tool of the abolitionist movement: first-person narratives of slavery and freedom. Just as Frederick Douglass, Harriet Jacobs, and others used autobiographical testimonies in the fight to eradicate slavery, today's new slave narrators play a crucial role in shaping an antislavery agenda. Their writings unveil the systemic underpinnings of global slavery while critiquing the precarity of their hard-fought freedom. At the same time, the demands of antislavery organizations, religious groups, and book publishers circumscribe the voices of the enslaved, coopting their narratives in support of alternative agendas. In this pathbreaking interdisciplinary study, Laura T. Murphy argues that the slave narrative has reemerged as a twenty-first-century genre that has gained new currency in the context of the memoir boom, post-9/11 anti-Islamic sentiment, and conservative family values politics. She analyzes a diverse range of dozens of book-length accounts of modern slavery from Africa, Asia, the United States, the United Kingdom, and Europe, examining the narrative strategies that survivors of slavery employ to make their experiences legible and to promote a reinvigorated antislavery agenda. By putting these stories into conversation with one another, *The New Slave Narrative* reveals an emergent survivor-centered counterdiscourse of collaboration and systemic change that offers an urgent critique of the systems that maintain contemporary slavery, as well as of the human rights industry and the antislavery movement.
