## **Sustainable Futures Sustainable Futures:**

*Sustainable futures* Godfrey Boyle,Christine Thomas,David Wield,2000      **Digital Technologies for Sustainable Futures** Chiara Certomà,Fabio Iapaolo,Federico Martellozzo,2024-08-01 This book critically examines the interplay between digitalization and sustainability Amid escalating environmental crises some of which are now irreversible there is a noticeable commitment within both international and domestic policy agendas to employ digital technologies in pursuit of sustainability goals This collection gathers a multitude of voices interrogating the premise that increased digitalization automatically contributes to greater sustainability By exploring the planetary links underpinning the global digital economy the book exposes the extractive logics ingrained within digital capitalism and introduces alternatives like digital degrowth and the circular economy as viable sustainable paths for the digital era Through a combination of theoretical reflections and detailed contextual analyses from Italy New Zealand and the UK including initiatives in participatory planning and technology co design it articulates the dual role of digital technology its potential to support socio economic and environmental sustainability while also generating conflicts and impasses that undermine these very objectives Offering fresh insights into power disparities exclusionary tactics and systemic injustices that digital solutionism fails to address this volume also serves as a reminder that sustainability extends beyond climate related issues underscoring the inseparability of environmental discourse from wider social justice considerations Aimed at a diverse readership this volume will prove valuable for students researchers and practitioners across various fields including Geography Urban Studies Sustainability Studies Environmental Media Studies Critical AI Studies Innovation Studies and the Digital Humanities      *Sustainable Futures* Raphael Kaplinsky,2021-06-15 Long before the pandemic economies across the world were in trouble with growth slowing across the board This downturn coincided with growing inequality and social exclusion Rising political dissatisfaction with ruling elites fuelled the rise of populism Add to this the alarming environmental emergency and few can deny we live in a time of multiple sustainability crises While this conclusion can lead to despair in this broad ranging book Raphael Kaplinsky a leading development policy analyst argues that the future is not necessarily bleak Interrogating the causes and nature of the systemic crises we are living through he shows how the challenges which we now face mirror previous historical epochs in which dominant techno economic paradigms flourish mature and run into crisis In each case decisive action is required to move to a more economically and socially sustainable world In our time we are witnessing the exhaustion of the Mass Production paradigm How we herald and manage the transition to the next paradigm that of Information and Communications Technologies will determine our capacity to build a more prosperous equitable and environmentally sustainable world This book sets out an integrated agenda for action by multiple stakeholders to achieve this end

**Sustainable Futures and Green New Deals** Zaheer Allam,Ali Cheshmehzangi,2024-07-08 This academic book critically examines the concept of sustainable futures and its interdependence with the policy framework of Green New Deals We

emphasize the inherent link between the two concepts by highlighting how Green New Deals can pave the way for a sustainable and just future in key areas such as environmental policy economic development and social equity Taking a multidisciplinary approach the book draws on insights from fields such as environmental studies sustainable development political ecology and climate policy to explore the intricacies of these interconnections The revised description underscores the importance of understanding the Green New Deal s historical and political contexts as well as its implications for sustainable futures The book delves into the theoretical perspectives that shape our comprehension of sustainable futures the diverse strategies employed by countries and regions in implementing Green New Deals the role of technological innovation and social movements in fostering sustainable transitions and the political dynamics surrounding the Green New Deal Through an analysis of the Green New Deal s role in sustainable development climate policy and environmental justice the book provides a necessary and timely contribution to ongoing debates The chapters offer detailed explorations of the interrelationships between these key areas emphasizing how the Green New Deal can serve as a transformative policy framework for achieving sustainable and equitable futures Sustainable Futures and Green New Deals is intended for scholars policymakers activists and students interested in understanding the complex and interconnected issues surrounding sustainable development climate policy and environmental justice

*Intergenerational learning and transformative leadership for sustainable futures* Peter Blaze Corcoran, Brandon P. Hollingshead, 2023-08-07 The work of creating the future is being done now and much of it is unsustainable in terms of natural and cultural resources How will the next generation of leadership for environmental sustainability be raised up Can we imagine sustainable futures and can we enable transformative leadership to help us realize them How can we best ensure that the several generations share their particular knowledge What are the ethical frameworks methodologies curricula and tools necessary for advancing and strengthening education for intergenerational sustainability learning and leadership In this book 82 authors from 26 countries across 6 continents seek answers in 32 essays to the many questions related to the intergenerational collaboration that holds promise for creating sustainable futures The authors themselves represent a diversity of geography gender and generation and include the institutions comprising the emerging International Intergenerational Net work of Centers They speak to key principles perspectives and praxes at the intersection of intergenerational learning and transformative leadership in the context of education for sustainability A visionary tour de force this book explores the challenges and complexities of future learning models beyond the UN Decade of Education for Sustainable Development It provides a timely discourse encompassing intergenerational and cultural dimensions including ethics Contributors articulate a deeper understanding of leadership in the post Enlightenment era Chapters in the book offer examples cutting across a diverse range of experiences worldwide making this volume not only refreshing for practitioners but also invaluable to policy makers Dzulkifli Abdul Razak President International Association of Universities Former Vice Chancellor Universiti Sains Malaysia These are critical times

for the global community Big issues are on the table security climate change environmental destabilization disease hunger and others Actions we take today must embrace lessons from the past present realities and the rights and interests of future generations Indeed intergenerational learning is vital to education for sustainable development This book makes a very timely and urgent call challenging our traditional learning approaches and inviting us to dig deeper stretch our minds wider and see farther Akpezi Ogbuigwe Former Head of Environmental Education and Training United Nations Environment Programme Executive Chairperson Anpez Center for Environment and Development Port Harcourt Nigeria Achieving sustainable development requires generations young and old to engage with and learn from each other and for leadership to embrace change That is one of the key messages of this remarkable book I wish I had this book when I took up the leadership role of my university two decades ago I wish I could have given this book to my sons as they started their university education Goolam Mohamedbhai Former Secretary General Association of African Universities Honorary President International Association of Universities
