Maintaining a Minority Language John Gibbons,Elizabeth Ramirez,2004-01-01

This book explores two main areas First what a high level of proficiency in two languages consists of and second what factors can produce this high level of bilingual proficiency Higher level language is usually acquired at school but many minority language students are educated in only one language The book therefore examines other factors in the development of the minority language such as home literacy practices and positive attitudes that might contribute to the development of high bilingual proficiency

The Palgrave Handbook of Chinese Language Studies Zhengdao Ye,2022-07-30 This new major reference work provides a

comprehensive overview of linguistic phenomena in a variety of Sinitic languages in a global context highlighting the dynamic interaction between these languages and English. This living reference work offers a window into the linguistic sphere in China and beyond and showcases the latest research into diverse and evolving linguistic phenomena that have resulted from intensified interactions between the Sinophone world and other lingua spheres. The Handbook is divided into five sections. The chapters in Section I New Research Trends in Chinese Linguistic Research present fast growing research areas in Chinese linguistics particularly those undertaken by scholars based in China. Section II Interactions of Sinitic Languages focuses on language contact situations inside and outside China. The chapters in Section III Meaning Culture Translation explore the meanings of key cultural concepts and how ideas move between Chinese and English through translation across various genres. Section IV New Trends in Teaching Chinese as a Foreign Language covers new ideas and practices relating to teaching the Chinese language and culture. The final section Section V Transference from Chinese to English explores dynamic interactions between varieties of Chinese and varieties of English as they play out in multilingual sites and settings.

Literacy for Sustainable Development in the Age of Information Naz Rassool, 1999-01-01 This text discusses the complexities that surround literacy in the modern world. It examines prevailing definitions and views of literacy and evaluates these against the technological skills and knowledge demands of the information society. Within a world increasingly concerned about sustainable development the book highlights the importance of multiliteracies and adequate levels of communicative competence in facilitating effective participation in the democratic process.
