It's true he went to America and fell in love with Lucille the daughter of a millionaire hotel proprietor and if he did marry her well what else was there to do. From his point of view the whole thing was a thoroughly good egg but Mr Brewster his father in law thought differently. Archie had neither money nor occupation which was distasteful in the eyes of the industrious Mr Brewster but the real bar was the fact that he had once adversely criticised one of his hotels. Archie does his best to heal the breach but being something of an ass genus priceless he finds it almost beyond his powers to placate the man eating fish whom Providence has given him as a father in law.
