Robert Emmett Curran's masterful treatment of American Catholicism in the Civil War era is the first comprehensive history of Roman Catholics in the North and South before, during, and after the war. Curran provides an in-depth look at how the momentous developments of these decades affected the entire Catholic community, including Black and indigenous Americans. He also explores the ways that Catholics contributed to the reshaping of a nation that was testing the fundamental proposition of equality set down by its founders. Ultimately, Curran concludes the revolution that the war touched off remained unfinished; indeed, it was turned backward in no small part by Catholics who marred their pursuit of equality with a truncated vision of who deserved to share in its realization. *The Encyclopedia Americana*, 1927. Among the many novel features of this volume, it carefully examines Lincoln's views on a wide variety of subjects such as economics, race, the Constitution, Indians, patronage, habeas corpus, and dozens more. It offers biographical sketches of members of Lincoln's family and describes how he felt about them, including his rebel sister-in-law and an enterprising cousin who used Lincoln's Presidential nomination to launch a flourishing souvenir business. It portrays and clearly captures scores of Lincoln's associates, assistants, colleagues, and enemies, from Charles Francis Adams and George Atzerodt to Fernando Wood and Richard Yates. It appraises all the major Lincoln biographers and their books and also covers others associated with the subject: collectors and collections, portrait painters, and photographers, famous documents, and sites.
