The Magic Of Loving Trouble:

Love Troubles Federica Gregoratto,2025-01-21 What does it mean to love Does love complete us giving us purpose and meaning Or does it tie us down and even harm us Is erotic desire complicit in oppression or could it deliver liberation Are our desires extricable from the wrongs of our societies And in today s world is love still worth the trouble This book develops a critical theory of sexual love and friendship offering profound new ways to understand the troublesome nature of eros Federica Gregoratto explores the ambivalence of erotic love which is at once intimately interwoven with heterosexism racism and neoliberal capitalism yet entices us with the tantalizing possibility of transformation Drawing on a rich array of sources from Frankfurt School critical theory to feminist thought and contemporary philosophies of emotions and affects as well as poetry novels films and music she argues that love provides unexpected resources for political agency resistance and emancipation Gregoratto makes a passionate defense of erotic freedom as an adventurous process through which we understand together with others who we are and who we want to become both in our individual existences and in our social lives Wide ranging and daring Love Troubles invites us to reflect on our fraught amorous experiences showing why we should cherish and learn from them

Trouble Songs Jeff T. Johnson,2018 Poet critic and hybrid genre artist Johnson tracks the use of trouble in word concept and practice in this debut of brief elliptical lyric essays He moves through a wide swath of 20th and 21st century music always alert to a sense of melancholy shared among songwriters their songs and their listeners in the ever growing web of popular music When we say trouble we refer to the history of trouble whether or not we have it in mind When we sing trouble we sing with history Johnson writes A Trouble Song is a complaint a grievance an aside a come on a confession an admission a resignation a plea It s an invitation to sorrow The effect of all this trouble is dizzying Highly annotated often to personal humorous and hidden effects the book weaves among genres chronologies and various forms of trouble to ask Where are we in song Who are we in song Johnson suggests that an answer lies somewhere in the locus of singer song and listener the essential relations in the Trouble Song Detouring into philosophy cultural theory and verse Johnson works multilaterally to explore what trouble in popular music does to connect listeners embolden them and open a space from which trouble can be addressed across time

Highlander's Magical Love Donna Fletcher,2025-09-09 An eternal love tested by time or destined to vanish forever Scotland Late 1200s Cree and Dawn have no idea of the power of Old Mary s words They believed their hearts were safe But on All Hallows Eve fate has other plans As shadows deepen and whispers fill the night an ominous twist is set in motion one that will test the very core of their bond or tear them apart for all eternity Scotland 2018 Eight centuries later on another All Hallows Eve the past awakens The Carrick Foundation built by Lord Cree s descendants is hosting its annual charity gala a night when spirits roam and history bleeds into the present Among the serving staff is Dawn a struggling artist with an inexplicable draw to the foundation s grand estate And there amid laughter and glances exchanged she encounters Cree a stranger who feels oddly familiar stirring emotions she can t

explain Neither of them knows the truth they were once each other s heartbeat their souls intertwined in an unbreakable bond that time has long since buried But some souls are too potent to be forgotten Enter Old Mary the ancient seer who has crossed the veil of time She warns them of what they ve forgotten and what s at stake Before the first light of November 1st Cree and Dawn must uncover the love they shared or face an eternity of being lost to each other Yet destiny doesn t let go so easily As they re pulled through memories both familiar and haunting they re met with obstacles meant to keep them apart Fate s challenge is clear they must rekindle what they had or forever bear the sorrow of a love undone by time When midnight strikes on October 31st will Cree and Dawn stand together or will the cruel hand of fate wrench them apart forever Author s note This novella can be read as a standalone book But if you would like to know how Cree Dawn s story got started read books 1 2 Highlander Unchained Highlander available together in one book **EMERALD CITY** Arnold Schildkret,2011-03-17 Emerald City The New Adventures of Dorothy and the Wizard of Oz by Arnold Schildkret is a new take on the Oz tales that L Frank Baum invented Unlike so many of Baum s followers who have through the years written imitations of the Oz books Schildkret invents anew the main characters and the landscape of Oz His conception of the Deadly Desert is especially different from that in other Oz books as are his conceptions of Dorothy Ozma Roquat and most of all Uncle Henry In addition his book tells an exciting tale of adventure and conflict including dangerous threats to the Land of Oz and even war Richard Tuerk Professor Emeritus of Literature and Languages Texas A M University Commerce Texas Author of Oz in Perspective Magic and Myth in the L Frank Baum Books The New Adventures of Dorothy and the Wizard of Oz The Story The Author s View Emerald City is a modern sequel to the Wizard of Oz novel and film It is an original story based on the characters of the novels of Frank Baum Emerald City is a story of the bond of loyalty and friendship in the Land of Oz Post 9 11 2001 we can all relate to a story of a utopian city where everyone loves each other and in which good triumphs over evil The World of Oz has been changed by the loss of the Love Magnet With its loss comes the imminent danger of the loss of the city destruction of its way of life and destruction of all of its magical creatures and inhabitants Other events seem to conspire to ensure the Kingdom will be lost to Roquat the evil Nome King It is the humanity and foibles of all of the characters even the evil ones which will stir you and tug on your emotions Humor and sadness love and hate good and evil loss and redemption are mixed in a potpourri of fantasy and reality Recurrent themes throughout are understanding our differences loving each other giving strangers the benefit of the doubt and standing together in the face of evil The story plays on four levels as a fairy tale for children as science fiction and social and political satire for teenagers and adults
