What's So Great about Christianity Dinesh D'Souza, 2008 Examines the assumptions of Christianity and atheism and argues among other issues that Christianity explains what modern science tells us about the universe and our origins better than atheism

Christianity's Dangerous Idea Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity's Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

Life After Death Dinesh D'Souza, 2009-11-02 Unlike many books about the afterlife Life after Death makes no appeal to religious faith divine revelation or sacred texts Drawing on some of the most powerful theories and trends in physics evolutionary biology science philosophy and psychology D Souza shows why the atheist critique of immortality is irrational It is not only reasonable to believe in life after death it is also beneficial Such a belief gives depth and significance to this life a path to happiness and reason for hope
