**International Handbook of Educational Change** Andy Hargreaves,A. Lieberman,M. Fullan,D.W. Hopkins,1998-05-31

The International Handbook of Educational Change is a state of the art collection of the most important ideas and evidence of educational change The book brings together some of the most influential thinkers and writers on educational change It deals with issues like educational innovation reform restructuring culture building inspection school review and change management It asks why some people resist change and what their resistance means It looks at how men and women older teachers and younger teachers experience change differently It looks at the positive aspects of change but does not hesitate to raise uncomfortable questions about many aspects of educational change either It looks critically and controversially at the social economic cultural and political forces that are driving educational change School leaders system administration teacher leaders consultants facilitators educational researchers staff developers and change agents of all kinds will find this book an indispensable resource for guiding them to both classic and cutting edge understandings of educational change no other work provides as comprehensive coverage of the field of educational change

### **The Roots of Educational Change**

Ann Lieberman,2007-12-29 ANDY HARGREAVES Department of Teacher Education Curriculum and Instruction Lynch School of Education Boston College MA U S A ANN LIEBERMAN Carnegie Foundation for the Advancement of Teaching Stanford CA U S A MICHAEL FULLAN Ontario Institute for Studies in Education University of Toronto Canada DAVID HOPKINS

Department for Education and Skills London U K This set of four volumes on Educational Change brings together evidence and insights on educational change issues from leading writers and researchers in the field from across the world Many of these writers whose chapters have been specially written for these books have been investigating helping initiate and implementing educational change for most or all of their lengthy careers Others are working on the cutting edge of theory and practice in educational change taking the field in new or even more challenging directions And some are more skeptical about the literature of educational change and the assumptions on which it rests They help us to approach projects of understanding or initiating educational change more deeply reflectively and realistically Educational change and reform have rarely had so much prominence within public policy in so many different places Educational change is ubiquitous It figures large in Presidential and Prime Ministerial speeches It is at or near the top of many National policy agendas Everywhere educational change is not only a policy priority but also major public news Yet action to bring about educational change usually exceeds people s understanding of how to do so effectively
