Where On Earth Are We Going:

SO, Where Did We Go Wrong? David Henry Patton, 2024-03-07 So Where Did We Go Wrong is titled as such because in the last sixty years I have witnessed the very values that many have grown up with and have tried to follow being abandoned in exchange for the pursuit of earthly possessions Just as disheartening walking over and ignoring the little people that might get in the way The same can be said of the rest of society Since it seems too many have left the church and have sacrificed their integrity wishing to live only for the moment Anyway this book and the others that follow are my attempt to get them to right their wrongs and return to the desired pathway that will lead them Homeward **Where do we go after death?**

Zohreh Rezai, 2014-08-26 This book is about human beings and their lives after death It also talks about how to meditate simply Zohreh wrote this book based on her own meditation and opinion If you want to see The truth for yourself the best thing is to meditate on each subject until you get the result Because what is truth for you it may not be true for somebody else Even Zohreh s children and family did not agree with some of her points of view here **Where We Go from Here**

Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice **Where on Earth Are We Going?** Jonathon Porritt, 1990-06-01
