Superpredators The Demonization Of Our Children By The Law:

Superpredators Peter Elikann, 2002-09-13 An uncompromising look at the rise of violent crimes by America's children and the steps parents teachers and mentors can take to save our children *Cruel Children in Popular Texts and Cultures*

Monica Flegel, Christopher Parkes, 2018-04-19 This book explores how alarmist social discourses about cruel young people fail to recognize the complexity of cruelty and the role it plays in child agency Examining representations of cruel young people in popular texts and popular culture the collected essays demonstrate how gender race and class influence who gets labeled cruel and which actions are viewed as negative aggressive and disruptive It shows how representations of cruel young people negotiate the violence that shadows polite society and how narratives of cruelty and aggression are used to affirm or to deny young people's agency Securing Our Children's Future Gary S. Katzmman, 2004-05-13 A Brookings Institution Press and Governance Institute publication A nation of great resources the United States is confronted all too often with headlines about shootings in schools and with the unsettling reality that homicide rates for juveniles far exceed that of other industrialized nations The challenge of reducing youth violence has prompted a flurry of commentary legislative activity and scholarly studies much of it skewed by lurid pronouncements alarmist sentiments and misleading categorizations Focusing on the role of institutions in combating youth violence this volume seeks to reflect its complex and multidimensional character Copublished by the Governance Institute and the Brookings Institution the book brings together a wide range of skilled professionals and academics across disciplines to focus on the coordination and implementation of youth anti violence strategies The work redefines the way we think institutionally about youth violence and collaborative initiatives providing a pragmatic roadmap for constructive change The essays constitute a new framework to guide key players in the juvenile justice system prosecutors the defense bar the courts correction and probation departments faith based institutions schools the media nonprofit institutions and the private sector *Hearts and Hands, Second Edition* Luis J. Rodriguez, 2014-05-13 Hearts and Hands focuses on healing through community building Empowered by thirty years of experience with gangs in Los Angeles and Chicago Rodriguez offers a unique book of change He makes concrete suggestions shows how we can create nonviolent opportunities for youth today and redirects kids into productive and satisfying lives And he warns that we sacrifice community values for material gain when we incarcerate or marginalize people already on the edge of society His drive to dissolve gang influence on kids is as personal as it is societal his son to whom he dedicates Hearts and Hands served more than a decade in prison for gang related activity With anecdotes interviews and time tested guidelines Hearts and Hands makes a powerful argument for building and supporting community life ABA Journal, 1999-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Harsh Justice** James Q. Whitman, 2005-04-14 Criminal punishment in America is harsh and degrading more so than anywhere else in the liberal west Executions and long prison terms are commonplace in America

Countries like France and Germany by contrast are systematically mild European offenders are rarely sent to prison and when they are they serve far shorter terms than their American counterparts Why is America so comparatively harsh In this novel work of comparative legal history James Whitman argues that the answer lies in America s triumphant embrace of a non hierarchical social system and distrust of state power which have contributed to a law of punishment that is more willing to degrade offenders

Superpredators Peter T. Elikann, 1999-08-12 Almost weekly it seems that we re bombarded with gruesome headlines of horrific criminal acts committed by young people adolescents shoot their peers in the schoolyard a teenager gives birth at her prom kills the baby and rejoins the dance two boys allegedly kill a girl for her bicycle Are children today more violent and remorseless than in the past Is this the advent of a youth crime wave What s the best option to fight juvenile crime prevention and rehabilitation or life sentences in adult prisons and the death penalty

Superpredators The Demonization of Our Children by the Law tackles these important questions head on Peter Elikann criminal defense attorney legal commentator and author persuasively argues that children are not born to become superpredators who wreak havoc on society Superpredators fiercely champions these littlest individuals and in fact adopts an optimistic note that youth crime will continue to drop as long as we invest in our children with proven policies and ethics for living and interacting We must reevaluate the family unit and bring adults mentors and role models into the lives of our children

University of Pennsylvania Law Review and American Law Register, 2008

Hearts and Hands Luis Rodriguez, 2011-01-04 Hearts and Hands deals with many of the difficult issues addressed in Luis Rodriguez s memoir of gang life Always Running but with a focus on healing through community building Empowered by his experiences as a peacemaker with gangs in Los Angeles and Chicago Rodriguez offers a unique book of change He makes concrete suggestions shows how we can create nonviolent opportunities for youth today and redirects kids into productive and satisfying lives And he warns that we sacrifice community values for material gain when we incarcerate or marginalize people already on the edge of society His interest in dissolving gang influence on black and latino kids is personal as well as societal his son to whom he dedicates Hearts and Hands is currently serving a prison sentence for gang related activity With anecdotes interviews and time tested guidelines Hearts and Hands makes a powerful argument for building and supporting community life
