Surviving Russia An American S Tale Of Living And Working In Russia:

The Living Age ,1914 Survival August-September 2020: Crisis and response The International Institute for Strategic Studies (IISS),2023-04-21 Survival the IISS s bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Dalia Dassa Kaye and Shira Efron argue that only a major shift in US policy towards Iran would rekindle debate in Israel about its approach to the Islamic Republic Jordan Calinoff and David Gordon contend that the accusation of debt trap diplomacy against China lacks convincing evidence Erik Jones examines the impact of COVID 19 on the EU economy Michael J Mazarr calls for a new international norm to safeguard the virtual territorial integrity of states from subversive cyber attacks And ten more thought provoking pieces as well as our regular book reviews and Noteworthy column **Survival: August-September 2025** The International Institute for Strategic Studies (IISS),2025-08-04 Survival the IISS s bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Following US and Israeli airstrikes Mark Fitzpatrick assesses Iran s residual nuclear capabilities its freshly intensified resentment and its perceived need to defensively arm itself Anna M Gielas argues that humans must be kept actively engaged in artificial intelligence interfaces used in autonomous warfare to preserve human discretion and cognitive readiness to intervene Ramon Pacheco Pardo judges that Yoon Suk yeol s December 2024 declaration of martial law ultimately served to underscore the resilience of South Korean democracy Dana H Allin and Jonathan Stevenson examine the windows of opportunity that precipitated Israel s strikes on Iran Israel s current strategic superiority and a US president disinclined to prevent Israeli action And nine other thought provoking pieces as well as our regular Book Reviews and Noteworthy column To read free articles from the journal please visit its homepage at <https://www.tandfonline.com/journals/tsur20> Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Editorial Assistant Anna Gallagher *Our Journal* ,1930 **STORIES FROM MY LIFE: A SURVIVAL EXPERIENCE** NAUM KLEYMAN,2018-12-31 In this book I tried to convey through the history of my life the air of the time of my generation and the solutions of the tasks that arose before me This book is also for young people the age my grandchildren I tried to captivate the reader so it reads like an adventure book but everything written is the truth Of course life has changed very significantly but the obstacles that a person encounters on their way while moving toward their goals remain extremely difficult to overcome and often seem impossible I hope my story will aid young people in overcoming these difficulties support in troubled times and help them survive **Human Rights Praxis and the Struggle for Survival** William T. Armaline,Davita Silfen Glasberg,2024-09-30 Asserting a critical sociological perspective Human Rights Praxis and the Struggle for Survival reveals the contested historical processes through which fundamental human needs are constructed as rights under international law and how those rights are confronted by the ruling relations and crises inherent to contemporary global capitalism and the waning American hegemonic world order Put simply the book explores why human

rights as a formal legal project has failed to deliver on guaranteeing human survival let alone universal human dignity Rather than stopping at critique the authors propose a specific materialist intellectual and political agenda for the preservation of collective human survival that can achieve the historically unique notions of common humanity and human emancipation The authors build on previous work further developing the sociology of human rights as a distinct field at the intersection of Social Sciences and International Law They take on several provocative theoretical debates such as those over connections between racism and capitalism the existence of a global or transnational police state the control growth and exploitation of migrants migration and the complex relationship between political repression and various forms of domination Human Rights Praxis and the Struggle for Survival offers critical analysis of contemporary politics and options for students scholars organizers and stakeholders to grapple with some of the most pressing social problems of human history
