Surviving The Evacuation, Book 5: Reunion Frank Tayell, 2015-03-27 Surviving is easy It's the next part living that's hard Zombies It is seven months since the outbreak The world is in ruins Britain is a radioactive wasteland peopled by the undead The few survivors cling to the hope that they might wake up tomorrow For most that is all they have left But Nilda has something more the chance that her son is alive At least he was months before She and Chester set out from Penrith searching for her son During the journey Nilda learns more about this self confessed criminal Radio Free England the conspiracy behind the outbreak and how Chester was involved in it all As they near Hull she realises it is too late to change her travelling companion She will need his help to escape the zombie infested city and find her son Fleeing from the last remnant of the old government Tuck and Jay head south in search for survivors When they rescue a wounded man their quest becomes one for medical supplies That leads them to a rooftop city and to the realisation that surviving out in the wasteland is easy compared to forging a new life from the wreckage of the old civilisation 100 000 words Other books in the series 1 London 2 Wasteland Zombies vs the Living Dead 3 Family 4 Unsafe Haven 5 Reunion 6 Harvest 7 Home Here We Stand 1 Infected 2 Divided Post apocalyptic detective novels Serious Crimes Counterfeit Conspiracy Work Rest Repeat *Strike a Match 5: Thin Ice* Frank Tayell, 2022-05-26 Twenty years after the apocalyptic Blackout steam trains and the telegraph have replaced smartphones and satellites but while some still fear technology many dream of its return In France winter has brought the terrorist insurgency to a frozen stalemate On the home front thoughts turn to spring and the dream of a more peaceful future The Houses of Parliament are finally relocating to a new permanent home in Highcliffe Castle on the British south coast In the far north of Scotland a new national gallery is set to open in Thurso displaying re discovered paintings looted from Edinburgh just after the Blackout In Dover despite the curfews and rationing pubs bars and clubs are thriving

but the re opening of the cinema is put on hold after all its seats are stolen for firewood Ten years ago Henry Mitchell chased the gang known as the Loyal Brigade from the ruins of Sandringham A decade later the gang has returned After his arrest for arms dealing and smuggling the new leader of the Loyal Brigade has been confined to a prison hulk in Thurso s frozen harbour Despite being in isolation he is still able to co ordinate a wave of arson attacks in the new capital Having rebranded himself as a cult leader with each attack comes an apocalyptic warning of greater destruction to come It is up to Ruth Deering Anna Riley and the Serious Crimes Unit to crack the code before more people are hurt Henry Mitchell knows a direct line can be drawn between the apocalyptic Blackout the recent attempted coup and the devastating insurgency in France Thanks to evidence gathered during the Second Siege of Calais Mitchell finally knows where the terrorist leadership is based As he and Isaac head deep behind enemy lines they have one chance to end this forever war For their plan to work they ll have to do the unthinkable on a mission from which they almost certainly won t return The fate of the future is decided in Dover Bournemouth Thurso Poland and beyond

October 2022 eight weeks after first contact the people of Earth are handling the news of extra terrestrial life rather well Sure there d been some petty rioting light stockpiling and hasty coups but not more so than during the pandemic In Oxfordshire tourists flock to the exclusion zone set up around the crashed battle station Nearby in the newly named RAF Space Command Harold Godwin has settled into his new job as a liaison between the British government and the friendly alien federation known as the Valley Aside from giving occasional tours to visiting dignitaries the work isn t arduous until the search for a missing dog leads to the capture of a hostile alien mercenary In Ireland on the outskirts of Cork an international conference has begun The diplomats have been tasked with selecting twenty people to represent Earth on a ceremonial trip to Towan III After two months of bickering they re still arguing over the conference s seating arrangements Patience among the Valley leadership is wearing thin In the intergalactic borderlands between the Valley and the remains of the old empire the Voytay two fleets are in a stand off The Voytay have denied any involvement in the Oxfordshire Incident but Earth is increasingly looking like the spark that will reignite the century old conflict The only hope for peace is to find the remaining enemy agents both human and alien That task falls to Sean O Malley and Greta tol Hakon Not long into the investigation a link is found between the recent attack and the discovery of a spaceship on the outskirts of London in 1895 the invasion of Iraq in 2003 and a tunnel beneath the ruins of Nineveh that predates any calendar Alien anchorites and ancient prophecies collide on Earth and in the furthest corners of the galaxy as the race to stop the war continues

As nations rebuild democracy is under threat In 2019 the AIs went to war Millions died before a nuclear holocaust brought an end to their brief reign of terror Billions more succumbed to radiation poisoning disease and the chaotic violence of that apocalypse Some survived They rebuilt Twenty years later civilisation is a dim shadow of its former self Crime is on the rise During the investigation of a routine homicide Police Officer Ruth Deering prevents a group claiming to be Luddites from

destroying the telegraph This act of sabotage is only the beginning As arrests are made and criminals are caught evidence emerges that the saboteurs are connected to the AIs the counterfeiting and to the assassination The shadowy figure behind the conspiracy must be unmasked before their fragile democracy is destroyed **First Contact** Frank Tayell,2022-09-21 For the alien towani Earth is a holy site where their Last Prophecy will be fulfilled They will do anything to protect the planet Protecting humanity is an optional extra In 1888 fleeing starvation in Ireland Sean found work as a guide to the Whitechapel slums for the publisher of grisly penny dreadfuls Not even the most lurid of those tales was as outlandish as his encounter with visitors from another world When they take him back to their home world first contact with a human will change their society forever By 2020 there is a permanent but secret non terrestrial presence on Earth Negotiating our planet s membership in the alien federation and concealing its existence is the responsibility of the UN When the pandemic begins Earth enters lockdown and our solar system is quarantined While technically not a prisoner Serene is no more able to leave the tunnels below the alien embassy in Germany than any of her human cousins locked down above ground Keeping busy with janitorial work one day blurs into the next until she stumbles onto an alien smuggling ring What begins as a hunt for a thief transporting sacred Earth artefacts off world leads to a two thousand year old mystery that threatens to bring war to the entire galaxy By the summer of 2022 Harold Goodwin needs a holiday As camping is all his bookseller s salary can afford he opts for a ramble through the countryside that inspired the novels he so loves Whether by chance or prophecy a poor choice of campsite thrusts him into the middle of an alien plot to make Earth the next proxy battleground in a century old war Brawl of the Worlds is a light hearted tale of intergalactic war and planet shaping prophecies As booksellers rise and empires fall the hidden history of the galaxy will be revealed Based on real events Work. Over By Christmas Frank Tayell, Two deaths could be an accident Three must be murder 2039 twenty years after the AIs went to war plague and famine has reduced the global population to a hundred million Most of the planet is a wasteland with only a handful of enclave nations preserving a dim shadow of civilisation Technology has regressed to the era of steam trains telegrams and sailing boats but democracy survived and is again under threat Three terrorist insurgencies have swept across Europe pillaging farms burning villages destroying two decades of fragile recovery Those refugees who escaped the massacres fled to the coast Like a century before Calais and Dunkirk have become the front line On the home front rationing continues and another ice age winter has begun Christmas is only days away but Constable Ruth Deering's mood is anything but festive In the walled city of Dover a lonely chef is discovered dead poisoned What first appeared to be an accident is soon suspected to be the work of a serial killer who is certain to strike again On the front line Henry Mitchell doesn't view this as war just another crime against humanity during the twenty year long battle for survival As hastily built bastions are fortified by a conscript militia Mitchell ventures deep behind the lines hunting for the mastermind responsible for this latest assault In

the new British capital of Twynham a peace treaty with the separatist kingdom of Leicester is in peril Until it is signed the soldiers laying siege to the royalist redoubt can't be redeployed to the front As rusting tanks are recovered for repair as new regiments are raised and spies are sent east the nation prepares for a war that certainly won't be over by Christmas

Endangered Nation Frank Tayell, 2017-10-27 In 2019 the AIs went to war Three days later hundreds of nuclear missiles were launched The electromagnetic pulse destroyed the machines but the radiation and ensuing famine nearly destroyed humanity By 2039 civilisation had regressed to the age of steam but newer technologies were on the horizon The future looked bright until the warlords swept through Europe Villages and towns were laid waste the few thousand people who'd hacked out a life in the continental wasteland were butchered It was only when the barbarians reached the British garrison in Calais that they were stopped And so another war began In Dover life goes on Food needs to be grown Children need to be taught For Ruth Deering the city's newest police officer crimes need to be solved When an artist is murdered an investigation begins that will take her far beyond the city's walls and ultimately determine the fate of their fragile democracy Set in Britain and France twenty years after the world we know was destroyed *Surviving the Evacuation Book 3: Family* Frank Tayell, 2014-06-19 Book 3 Family The undead rose Nations collapsed Some people survived Three months after escaping from London Bill discovers the true extent of the global war that followed the outbreak Most of the world has been destroyed but though ruined farmland and abandoned cities are filled with zombies there are other survivors and there is a safe haven so he is told in a small village on the Irish coast Before he can go there he must find and rescue the children Then he will have to battle his way through the infected wastelands of England and Wales in the hope that there really is a boat waiting for them Even then his journey won't be over When he is told of the sanctuary awaiting them he also discovers that the scientist who created the virus escaped from New York In order for any of them to ever truly be safe Bill will have to head north to confront the man discover the truth behind the outbreak and finally choose between his old family and his new one This is the final volume of his journal *Zombies vs The Living Dead* The outbreak began in New York Within days it had spread throughout the world Nowhere is safe from the undead As anarchy and civil war took grip across the globe Britain was quarantined The press was nationalised martial law curfews and rationing were implemented It wasn't enough An evacuation was planned The inland towns and cities of the United Kingdom were to be evacuated to defensive enclaves being built around the coast the Scottish Highlands and in the Irish Republic For George Tull and the other residents of the Waverly Price Retirement Home walking to the coast is not an option Abandoned by the staff they wait for rescue It doesn't come When George leaves the illusory security of The Home and ventures into the nearby village he finds it deserted But he is not alone his unhappy retirement is broken by the undead George is left with a terrible choice stay and fight to save the people he loathes or leave and abandon the woman he has come to love **Surviving The Evacuation, Book 7: Home** Frank Tayell, 2015-08-10 The outbreak began in February Nations went to war Governments collapsed Billions died in the chaos and
