Survivors The Animals And Plants That Time Has Left Behind:

Survivors: The Animals and Plants that Time has Left Behind (Text Only) Richard Fortey, 2011-09-01 This ebook edition does not include illustrations An awe inspiring journey through the eons and across the globe in search of visible traces of evolution in the living creatures which have survived from earlier times and whose stories speak to us of seminal events in the history of life

The Book of Barely Imagined Beings Caspar Henderson, 2022-12-22 Caspar Henderson takes us on an eye opening tour of real animals that no sane human could ever have invented Frans de Waal New York Times bestselling author With The Book of Barely Imagined Beings Caspar Henderson offers readers a fascinating beautifully produced modern day menagerie But whereas medieval bestiaries were often based on folklore and myth the creatures that abound in Henderson s book from the axolotl to the zebrafish are with one exception very much with us albeit sometimes in depleted numbers The Book of Barely Imagined Beings transports readers to a world of real creatures that seem as if they should be made up that are somehow more astonishing than anything we might have imagined The yeti crab for example uses its furry claws to farm the bacteria on which it feeds The waterbear meanwhile is among nature s extreme survivors able to withstand a week unprotected in outer space These and other strange and surprising species invite readers to reflect on what we value or fail to value and what we might change A powerful combination of wit cutting edge natural history and philosophical meditation The Book of Barely Imagined Beings is an infectious and inspiring celebration of the sheer ingenuity and variety of life in a time of crisis and change The Book of Barely Imagined Beings is one that Pliny would have envied Darwin applauded and Borges relished In these days of doom and gloom I can think of nothing more rejoicing than Caspar

Henderson s magical book Alberto Manguel author of *A History of Reading* Magnificent bravura beautiful and astoundingly interesting The Sunday Times Spell binding brilliantly executed extraordinary The Guardian
