Granted unprecedented access to personal papers and diaries Peters gives us a compelling look at the woman who influenced a legion of readers with rich and intimate writings and reveals the fascinating life that Sarton herself kept hidden. Beginning with a young Sarton largely ignored by her parents Peters traces the compulsive quest for recognition and artistic inspiration that would characterize most of Sarton's life. We witness her at nineteen as she chooses a life in the theater only to discover later her real passion writing. As her literary career takes shape we watch her personal and professional struggles for acceptance her intense relationships with such learned friends as Muriel Rukeyser and Louise Bogan and her secret turmoil over her sexuality. But ultimately we see Sarton begin to create in her works the image of a strong independent woman who lived peacefully with solitude an image that often contradicted the reality of her life

The Older Woman in Recent Fiction Zoe Brennan, 2014-12-09 This critical study explores late twentieth century novels by women writers including Doris Lessing May Sarton and Barbara Pym that feature female protagonists over the age of sixty. These novels discourses on aging contrast with those largely pejorative ones that dominate Western society. They break the silence that normally surrounds the lives of the aged and this book investigates how older female protagonists are represented in relation to areas such as sexuality dependence and everyday life. Beginning with an investigation of popular opinions about aging and a survey of hypotheses from disciplines including gerontology psychology and feminism the text reviews literary critical attitudes toward

fictions of aging analyzes representations of physically dependent characters whose anger over their failing bodies is often eased by relationships with their female friends discusses how paradigms of female sexuality exclude the possibility of older women being sexually desirable examines characters that live a contented life finding a more polemical side to them than is noted in more conventional literary critiques and analyzes the aged sleuth in classical detective fiction **After the Stroke** May Sarton, 2015-08-18 The bestselling feminist author's lyrical candid sensitive account of her efforts to regain her health art and sense of self after a stroke Publishers Weekly Feeling cut off and isolated from herself most of all after suffering a stroke at age 73 May Sarton began a journal that helped her along the road to recovery She wrote every day without fail even if illness sometimes prevented her from penning more than a few lines From her sprawling house off the coast of Maine Sarton shares the quotidian details of her life in the aftermath of what her doctors identified as a small brain hemorrhage What they did not tell her was the effect it would have on her life and work Sarton's journal is filled with daily accounts of the weather her garden beloved pets and her concerns about losing psychic energy and no longer feeling completely whole A woman who had always prized her solitude Sarton experiences feelings of intense loneliness When overwhelmed by the past she tries to find comfort in soothing remembrances of her travels and struggles to learn to live moment by moment As Sarton begins to regain her strength she rejoices in the life recaptured and in all that still lies ahead Interspersed with heartfelt recollections about fellow poets and aspiring writers who see in Sarton a powerful muse this is a wise and moving memoir about life after illness **Women & Aging** Helen Rippier Wheeler, 1997 Guide with more than two thousand bibliographic entries and cross references It includes journal articles book chapters essays and doctoral dissertations as well as complete books *Contemporary Literary Criticism* Daniel G.
