Luigi Accattoli,1998 A provocative book that imparts an authentic spirit of reconciliation It explores how Pope John Paul II over the years has publicly admitted Church culpability 94 times on topics ranging from the Inquisition to the recent civil strife in Rwanda John Paul II said At the end of this second millennium we must make an examination of conscience where we are where Christ has brought us and where we have deviated from the Gospel **The Universal Father** Garry

O'Connor,2008-12-12 Pope John Paul II is universally considered one of the great leaders of the twentieth century for his resolute resistance to Soviet Communism for his steadfast opposition to war and for opening up the papacy to ordinary people He will go down in history not only as the third longest serving pope but possibly the most politically influential of all 305 popes and antipopes since St Peter Born in Poland in 1920 Karol Wojtyla s early life experiences were of intense love and intense loss he was eight when his mother died twelve when his older brother died of scarlet fever and twenty when his severe but loving father died during the Nazi occupation An athlete a gifted poet playwright and actor by 1944 after a near fatal accident Wojtyla was studying for the priesthood in secret So began a lifelong quest to understand good and evil in the human heart Five years in the making Universal Father is a vivid and scrupulously researched portrait of this extraordinary man Beginning with Wojtyla s trying childhood and his early years as a priest in rural Poland and continuing on to his travels to Rome and his subsequent papal reign O Connor s biography is unparalleled for the attention it also gives to the inner man including a subtle analysis of the pope s own poems plays and philosophical works An exploration of both the personal tragedies in the pope s life among them the assassination attempt in 1981 and the public triumphs such as the great public confrontations with Soviet Communism in his native Poland Universal Father is a revealing and profoundly moving testament

history in a new direction after protracted violence A second deeper strand in the book is the connection between Ricoeur and John Paul II Both lived through the worst period of modern European history Ricoeur a prisoner of war during WWII and John Paul who suffered under the communist regime Both have written on themes of memory and identity and share a mutual concern for the future of Europe and the preservation of the Christian identity of the Continent as well as the promotion of peace and a civilization of love The book brings together their shared vision culminating in the award to Ricoeur by John Paul II of the Paul VI medal for theology

A Holy Yet Sinful Church Jeanmarie Gribaud, 2015-08-11 This text examines three key moments in the developing theology of the church s holiness and sinfulness in the twentieth century the ressourcement movement of the 1930s to the 1950s the Second Vatican Council 1962-65 and the pontificate of John Paul II 1978-2005 The aim of this text is to make accessible the works of Emile Mersch Henri de Lubac Hans Urs von Balthasar Yves Congar Karl Rahner and Charles Journet that discuss the holiness and sinfulness of the church and to demonstrate how these works were influential in composing the Dogmatic Constitution on the Church Lumen Gentium The author then considers how this developing theology is put into practice in Pope John Paul II s millennial program which centers on admitting that the Church in its members has sinned and needs to seek forgiveness

A Guilted Age Ashraf A. H. Rushdy, 2015-10 Public apologies have become increasingly common scenes and representative moments in what appears to be a global process of forgiveness The apology forgiveness dynamic is familiar to all of us but what do these rituals of atonement mean when they are applied to political and historical events In his timely topical and incisive book **A Guilted Age** Ashraf Rushdy argues that the proliferation of apologies by politicians nations and churches for past events such as American slavery or the Holocaust can be understood as a historical phenomenon In our post World War II world Rushdy claims that we live in a guilted age **A Guilted Age** identifies the two major forms of apologies political and historical and Rushdy defines the dynamics and strategies of each showing how the evolution of one led to the other In doing so he reveals what apology and forgiveness do to the past events they respectively apologize for and forgive and what happens when they fail

Forgiveness Michael Henderson, 2002 Moving accounts of how individuals and groups who suffered crime and injustice have forgiven the offenders and how former oppressors have apologized and atoned for their acts throughout the world From World War II to the present moment of Northern Ireland and Bosnia forgiveness leads to reconciliation and healing for victims and even for criminals Inspirational introduction to a worldwide movement led by Nobel Peace Prize winners and clergy of all faiths

The Ethics of Forgiveness Christel Fricke, 2011 We are often pressed to forgive or in need of forgiveness Wrongdoing is common Even after a perpetrator has been taken to court and punished forgiveness still has a role to play How should a victim and a perpetrator relate to each other outside the courtroom and how should others relate to them Communicating about forgiveness is particularly urgent in cases of civil war and crimes against humanity inside a community where if there were no forgiveness the community would fall apart Forgiveness is governed by social and in particular by moral norms Do those who ask to be forgiven have to fulfil certain conditions for being granted forgiveness And what does the granting of forgiveness consist in We may feel like refusing to forgive those perpetrators who have committed the most horrendous crimes But is such a refusal justified even if they repent their crimes Could there be a duty for the victim to forgive Can forgiveness be granted by a third party Under which conditions may we forgive ourselves The papers collected in the present volume address all these questions exploring the practice of forgiveness and its normative constraints Topics include the ancient Chinese and the Christian traditions of forgiveness the impact of forgiveness on the moral dignity and self respect of the victim self forgiveness the narrative of forgiveness as well as the limits of forgiveness Such limits may arise from the personal historical or political conditions of wrongdoing or from the emotional constraints of the victims
