

The Whipping Boy

Enrichment 1

It is not intended that every suggestion and activity in this section be followed. A variety of ideas is listed from which to choose as your interest, time and abilities permit. Adult supervision is required for these suggestions. The *Character Analysis* is highly recommended.

Projects and Field Trips.

1. Dress up like lords and ladies and wear powdered wigs.
2. Visit a castle or a museum with medieval displays.
3. Take a moonlight walk.
4. Find out why some nights are foggy. What causes fog?
5. If you were worth your weight in gold, how much would you be worth? Find out what gold is selling for and compute your worth in dollars.

Character Analysis.

As we read *The Whipping Boy* we will do a "Character Analysis" of the two main characters. "Character" means "person." It may also refer to a person's "nature or temperament." An "analysis" is a study of a topic; so a "Character Analysis" is a study of a person or his nature. Adjust this activity for the skill level of each student. Choose:

- Student completes the analysis for Prince Horace and Jemmy.
- Student completes the analysis for Prince Horace only.
- Half the class analyzes the prince while the other half analyzes Jemmy.

There is more than one way to do a Character Analysis. In this study we use special squares to analyze Prince Horace and Jemmy.

- First we will examine their character at the beginning of the story.
- Second we will look for changes in their character as the story progresses.
- Third we will compare their character at the beginning of the story with their character at the end of the story. We will see how the prince and Jemmy change.

Uncommon People I Have Known Frank P. Sherwood,2013-09-04 The title and subtitle say a great deal about the character of this book These are stories about people who inevitably stand out in a crowd for their personal attributes their ethical standards the ways in which they have coped with great problems and their remarkable achievements Significantly fourteen of the sixteen stories in this book are about people who have in some way contributed to better government Several have worked directly in government others have been teachers and still others have found ways to make contributions Not all the stories are about people in the U S The two stories from Brazil involve people who stayed at home and did their good work there in the other two instances already blossoming careers at home were ended by extreme governmental changes In all cases however these are people who must be admired for their extreme dedication to the highest ideals of service In effect this book can be considered a primer on government that works The two whose stories did not directly concern government contributed mightily to a better society One was a highly productive

author who in later years concentrated on children's books and wrote more than 50 of them. The other pioneered a wholly different journalistic undertaking: the city regional magazine. Today these publications are found throughout the country and are distinguished by their design quality and their commitment to the communities they serve. *The Whipping Boy* by Sid Fleischman.
