Kevin Systrom of Instagram arrive at a figure of 1 billion What implications does this deal have for Facebook when it goes public in an expected Initial Public Offering in May 2012 Why does Facebook want Instagram so badly What can businesses learn from this deal and how the heck did a tiny company without any revenue become so desirable in just 18 months While Instagrams buyout by Facebook was viewed by many as a surprise acquisition it illustrates the increasing importance of the image based social sharing platforms in today s technology business world Facebook already had a photo sharing mobile photo sharing program but it was slow to load and clumsy to use For the past several years a team had been working on developing a solution As recently as last summer rumours circulated about a Facebook iPhone photo sharing application that would make it easier for users to upload edit and share their photos With changes in team members and little to show for their work nothing more was heard of Facebook s progress until February 2012 when Business Insider magazine reported new product boss Dirk Stoop was working on a new solution to the problem Zuckerberg was reported in the New York Times piece With Instagram Deal Facebook Shows its Worth as saying We don t plan on doing many more of these if any at all but providing the best photo sharing experience is one reason why so many people love Facebook and we knew it would be worth bringing these two companies together It is safe to assume that Facebook s own product was not working out as hoped leading Zuckerberg to buy the best photo sharing experience instead of developing it In addition to examining details of the acquisition there are broader issues to address How can businesses use Instagram and Facebook to build their own brands What does this deal say about Facebook s predictions for the mobility market and photo sharing platforms While Zuckerberg s official statement is that Instagram will continue operating as a separate platform from Facebook and that people who have Instagram but aren t on Facebook can continue using their favorite app how will Instagram change now that it is owned by Facebook In this book we will address these questions and review a quick history of Instagram We ll examine the events of Easter weekend that led to the Instagram buyout and get a glimpse into the fast moving world of high tech business and multi billion dollar companies EXCERPT FROM THE BOOK Mark Zuckerberg and Facebook paid 1 billion for a business that doesn t have any revenue Why In a nutshell Facebook purchased Instagram to take custody of its users before Facebook competitors did to strengthen its position in the mobile phone market and to get rid of a potentially difficult competitor As people in the tech world often say money follows the users The recent availability of Instagram for Android users had Zuckerberg concerned especially when the Instagram user population jumped by 10 million people in 10 days buy the book to continue reading [Exit Path: How to Win the Startup End Game](#) Touraj Parang,2022-08-02 An exit strategy if implemented early is the surprising secret to ultimate startup success Find out why and how to develop one in this comprehensive practical guide from veteran Silicon Valley dealmaker Touraj Parang In 2008 Touraj Parang s award winning startup Jaxtr had 10 million users raised nearly 20 million from top tier Silicon Valley investors and seemed poised to sail straight through the Great Recession But by January of 2009 Jaxtr s only hope for survival was to find a buyer sadly it was too

Lauren Barnholdt, 2015-06-16 The second book of Lauren Barnholdt's exiting *Moment of Truth* series. Three books, three girls, one life-changing senior trip. When the email arrived in Quinn Reynolds's inbox on the morning of her flight to Florida, she sent it straight to her trash folder. The last thing Quinn needed was to be reminded of the pact she made with her ex-best friends: the one where she promised she would do something crazy before graduation. But that was before everything on the trip went wrong. Now, after a lifetime of playing it safe, Quinn figures that she might as well get a little wild after all. What does she have to lose? When Abram, a local boy she met on the beach, asks her to hang out, she says yes. But while a vacation romance could be the best way to fulfill the pact, it might be the worst thing for her heart. Each book in this trilogy is told from the perspective of a different girl: Lyla Aven and Quinn, former best friends who, back in freshman year, wrote emails to their future selves about the one thing they hope to accomplish before they graduate. Over the course of the series, each girl will learn about life, love, and the truth about the fight that ended their perfect friendship.
