Exploring Mental Health in Vulnerable Populations in Developing Countries John Elvis Hagan Jnr., Frank Quansah, Jacob Owusu Sarfo , Zahir Vally, Azaz

Sharif,2025-09-16 The physical social and economic implications of poor mental health are extensive The prevalence and pattern of mental health related challenges resources and interventions have been well reported in developed countries Despite the growing evidence of this health problem in developing countries a research gap still exists on the holistic measurement and description of the problem including interventions policies actions and programs to mitigate mental health challenges Considerable empirical evidence suggests that multifaceted social economic and environmental factors are drivers of mental health and its associated disorders Considering these points promoting mental health across vulnerable populations in low and middle income countries is critical to global health As the world seeks to achieve Sustainable Development Goal 3 SDG3 it is clear that mental health can significantly impact overall human health regardless of gender age or career stage the importance of improving the mental health of vulnerable populations throughout an individual s lifespan and within different professional environments cannot be underestimated By comprehending the obstacles and prospects related to mental health and its related illnesses among vulnerable populations valuable insights could be obtained to create effective interventions and strategies that promote mental well being globally Specifically taking steps to enhance the daily living conditions of this population offers opportunities to improve any population s mental health and decrease the risk of mental illnesses or disorders

Self-Help in Mental Health T. Mark Harwood,Luciano L'Abate,2009-11-24 Self help is big business but alas not a scientific business The estimated 10 billion that s with a b spent each year on self help in the United States is rarely guided by research or monitored by mental health professionals Instead marketing and metaphysics triumph The more outrageous the miraculous cure and the revolutionary secret the better the sales Of the 3 000 plus self help books published each year only a dozen contain controlled research documenting their effectiveness as stand alone self help Of the 20 000 plus psychological and relationship web sites available on the Internet only a couple hundred meet professional standards for accuracy and balance Most in fact sell a commercial product Pity the layperson or for that matter the practitioner trying to navigate the self help morass We are bombarded with thousands of potential resources and contradictory advice Should we seek wisdom in a self help book an online site a 12 step group an engaging autobiography a treatment manual an inspiring movie or distance writing Should we just do it or just say no Work toward change or accept what is Love your inner child or grow out of your Peter Pan I become confused and discouraged just contemplating the choices

Health Promotion in the Universities and Other Educational Settings Miguel Corbí,Antoni Aguilo,Carmen Gallardo Pino,Mario Del Libano ,Carlos Emanuel Rodriguez-Diaz,Hiram V. Arroyo Acevedo,2025-09-17 The promotion of health in universities is of great importance as it allows for the encouragement of healthy lifestyles and the prevention of diseases among students teaching

staff and administrative personnel The university is a conducive environment for the promotion of healthy habits since firstly it is usually the moment when the students make decisions under their responsibility and secondly it is a place where academic sports and social activities take place so it is also an ideal moment to promote changes that can be transferred to society and the rest of the individual's life Health promotion in universities can cover several areas such as healthy eating physical exercise prevention of addictions emotional and social mental health among others It can also involve the entire university community from students to administrative and teaching staff In the case of students it is essential as it is a period of change and habit formation and the fact that they will be the future decision makers of society **Mental Health**
