## **Denied: The Dark Truth About American Healthcare**

Allen DeKeyser, 2025-08-01 Denied: The Dark Truth About American Healthcare is a raw, emotional, and unfiltered exposé that unveils how one of the wealthiest nations on earth consistently fails the people who need care the most. From denied cancer treatments to unaffordable life-saving medications, from mental health abandonment to the silencing of doctors, this book holds nothing back. Allen DeKeyser, survivor and advocate, delivers a powerful chapter-by-chapter journey through the corrupt profit-first machine that is American healthcare. With real stories, brutal truths, and an unwavering call to action, Denied speaks for the millions left behind, buried in bills or gone too soon. This book is not just a warning; it's a weapon. And it belongs in the hands of anyone who still believes healthcare is a human right.

Inspire Adam Galinsky, 2025-01-21 Two kinds of leaders populate the world: those who inspire and those who infuriate. Which will you be? Whether you're a leader, a member of a team, a spouse, or a parent, this engaging and rigorous exploration unpacks the science of inspiration. Through compelling stories, fascinating research, and practical tips for addressing the common dilemmas we face daily, Inspire reveals how all of us, regardless of status or circumstance, can be more inspiring more often. Social psychologist and leadership expert Adam Galinsky has spent three decades building a method for determining when we are inspiring versus infuriating, and where various leaders—presidents, CEOs, coaches, teachers, parents, and a wealth of others—currently land on that spectrum. Galinsky shows how inspiring leaders can fill us with a wellspring of hope and possibility as they guide us to become better versions of ourselves. In contrast, infuriating leaders disappoint and annoy, fueling seething cauldrons of rage. But both types of leaders are deeply connected; together, they represent a universal continuum that is rooted in the very architecture of the human brain. This means that inspiring leaders aren't born; instead, we can inspire or infuriate in any given moment through our behavior, words, or presence. In this captivating book, Galinsky identifies the three universal archetypes of truly great leaders and explains how each of us can develop these characteristics within ourselves to become more inspiring.
