Oscoy,2011-09-01 People frequently mark their lives with some occurrences or experiences that stay in their memories forever Sometimes it is the experience of a child being born or the visit to wonderful places For some of us the experiences that we have lived through have transformed our senses to a spiritual meaning as if for the first time we become aware that God is greater than what we were made to believe or of the concept that others have of God the visit of an Angel or a vision that is so real as if we are totally aware and awake Dr Luis as I call him is a very successful doctor in Mexico In reality he does not have any need to write this esoteric book that may be exposed to his colleagues who may lack understanding of what Dr Luis has experienced but here he is doing just that in the next pages that you are about to read As you will discover he has been contacted in a spectacular way by sacred energies events that cannot be easily explained and living experiences that have changed his life forever This book is based on that and on all of his experiences The information that he is sharing in his book is not only about his personal experiences but also about the information that other beings from other dimensions have revealed to him about humanity What do you think they have said about us What could be so fascinating that he had the

tremendous need to write about it The answer is in these pages but I will give you a clue we are about to experience a change of consciousness that has never ever happened before on planet Earth The power of what we can do is astonishingly marvelous including accessing alternating dimensions It is all about health and our DNA It is about a quantum jump that is in front of us Walk through these pages with Dr Luis while he describes his life experiences and what was communicated to him by means of infinite love coming from beings who revealed the potential future for humanity Lee Carroll Author of the book series Kryon and The Indigo Children [The Awakening Earth](#) Peter Russell,2019-06-07 Originally published in 1982 The Awakening Earth explores the idea of the Earth as a collective self regulatory living organism and considers in this context the function of the human race The book provides an exploration of humanity s potential and explores the possibility of mankind s evolutionary future Drawing on the work of physicists psychologists philosophers and mystics the book argues that humanity is on the verge of another evolutionary leap and explores evolution in the context of spiritual growth arguing that widespread inner awakenings could lead to a more analogous society functioning as a single social super organism much in the way cells in a body function as a biological organism

among us now unknown to the vast majority of humanity One day soon he will declare his true identity openly and the world will be forever changed In The Awakening of Humanity Benjamin Creme describes the steps leading to that momentous event and anticipates humanity s response Quietly men s tears will flow in humble gratitude and longing for the good From that time forward a new spirit of sanctity will prevail upon the Earth So will end a dark chapter in the history of the race In this companion volume to The World Teacher for All Humanity Mr Creme leads us on a prophetic journey filled with hope and expectancy for the world changing events that are on the way [Wandering with Nathaniel](#) David Munson,2023-08 In his memoir David wanders through his normal appearing life in a secret relationship with his guardian angel Nathaniel He recounts twelve life altering life saving and life defining events miracles perhaps and how those inspirational moments framed his perspective and perceptions of our existence in this time space dimension And now he tells his story In a writing style that beckons us to a past era Wandering with Nathaniel takes you on a roller coaster ride to the heights of spirituality and to the depths of today s reality Maybe just in time for all of us to perceive the world differently even as we presently wander our own journeys separately and discover our spiritual purpose together Are you ready for this thought provoking journey Some insights from Wandering with Nathaniel As a society we have become body centric and soul blind pg 21 When you act from a place of love you create a ripple effect through the infinite energy that freely flows through and beyond time and space pg 37 Human disconnectedness also keeps us from acknowledging another simple truth we are all energetically connected to each other in God s Universe pg 113 Be open to all information choices insights thoughts and actions that will lead you to co manifest the best version of our world within a collective consciousness of only love pg 156 Intuitively I knew I
