Competing in Tough Times Barry R. Berman, 2010-11-05 *Competing in Tough Times* brings together the powerful new strategies that world class retailers like Trader Joe's, Costco and Nordstrom are using today to survive and thrive in a brutally unforgiving retail environment. Internationally respected retail management expert Barry Berman shows retailers and their suppliers exactly how to build effective strategies based on cost and differentiation, plan and implement those strategies and measure the results. Berman offers detailed coverage of implementing strategies based on becoming the low cost provider and minimizing product proliferation, enhancing the service experience, developing and maintaining a strong private label program and more. To support each approach he presents full length examples from retailers covering every market sector from consumer goods to apparel to technology. He thoroughly examines top retailers such as Aldi, Amazon.com, L.L. Bean, Publix, Stew Leonard's, Wegman's and Whole Foods and shares powerful insights drawn from the experiences of other leaders from Au Bon Pain to Best Buy, Family Dollar to Target, Tesco to Walgreen. **Franchise Times**, 2008 Exploring Management John R. Superconsumers Eddie Yoon, 2016-11-29 Not your average consumer. Pork dorks. Craftsters. American Girl fans. Despite their different tastes, these eclectic diehards have a lot in common: they're obsessed about a specific brand, product or category. They pursue their passions with fervor and they're extremely knowledgeable about the things they love. They aren't average consumers; they're superconsumers. Although small in number, superconsumers can have an outsized impact on a company's bottom line. Representing 10% of total consumers, they can drive between 30% to 70% of sales and they're usually willing to spend considerably more than the average consumer. And because they're so engaged and passionate, they can offer invaluable advice to managers looking to improve their products, change their business models, energize their cultures and attract new customers. In *Superconsumers*, growth strategy expert Eddie Yoon lays out a simple but extremely effective framework that has helped companies of all types and sizes achieve more sustainable growth. He'll show you how to find, listen to and engage with your most passionate and profitable consumers and then tailor your decisions to meet their wants and needs. Along the way, he'll let you into the minds and homes of superconsumers of all kinds, revealing what makes them tick and why they're willing to spend so much more than other consumers. Rich with data and case studies of companies that have implemented superconsumer strategies with great success, *Superconsumers* is a fun, practical and inspiring guide for anyone interested in making their best customers even better. **Entrepreneurship** Bruce R.
