## **Unidentified Flying Object Report 1990:**

**The CIA UFO Papers** Dan Wright, 2019-09-01 The secret CIA papers that prove that the government has been tracking UFOs and extraterrestrials for over fifty years In autumn 2016 the CIA sent to its website a cache of electronic files previously released under the Freedom of Information Act but housed at the National Archives Among a variety of subjects were unidentified flying objects Finally a stockpile of reports and correspondences were available for serious UFO researchers to examine at home This book consists of selections from those secret files Dan Wright spent eighteen months selecting editing and organizing the 550 files that are relevant to UFO research and has produced a chronological collection of CIA documents spanning 1949 to 2000 Each chapter focuses on a particular year The summary of documents for each year is followed by a section called While You Were Away from Your Desk which provides historical and cultural context for the document summaries and examines other sightings and contacts that are not mentioned in the CIA files Among the fascinating tidbits are A memo to J Edgar Hoover about flying saucer reports The 1949 conference at Los Alamos that include Edward Teller upper atmosphere physicist Dr Joseph Kaplan and other renowned scientists in which the participants debated whether recent incidents were natural phenomena or UFO sightings This is a must have book for those fascinated by the history of UFO sightings and those interested in government secrets and cover ups

## **UFOs and Government**

Michael D. Swords, 2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of *UFOs and Government* a history that for the first time tells the story from the perspective of the governments themselves It's a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government's response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the

primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you're looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril    **UFOs and Abductions** David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon

A Covert Agenda Nicholas Redfern,1997 This text describes how the government has been concealing the evidence of routine penetration of British airspace by rationally controlled machines from outside Earth over which the military infrastructure has little or no control It suggests that there is evidence that there has been an official shift in policy and that there is a desire to disseminate to the public top secret UFO data collected over the past 50 years Having examined the available evidence the author is convinced that there is an active alien presence on the Earth and that official

confirmation of such a presence will soon be forthcoming **UFOs and the Alien Presence** Michael Lindemann,1995-10 ken all together the evidence for an alien presence on earth is enormous Few people know the evidence of UFOs better or have thought about it more carefully than the researchers who speak in the pages of this book All of them are successful in fields outside of UFOlogy None of them claims any final truth about UFOs Yet they all accept the risks inherent in speaking aloud their uncomfortable thoughts Why Find out here from them
