Wheels Through Time App:

Appified Jeremy Wade Morris, Sarah Murray, 2018-10-23 Snapchat WhatsApp Ashley Madison Fitbit Tinder Periscope How do we make sense of how apps like these and thousands of others have embedded themselves into our daily routines permeating the background of ordinary life and standing at the ready to be used on our smartphones and tablets When we look at any single app it's hard to imagine how such a small piece of software could be particularly notable But if we look at a collection of them we see a bigger picture that reveals how the quotidian activities apps encompass are far from banal connecting with friends and strangers and enemies sharing memories and personally identifying information making art and trash navigating spaces and reshaping places in the process While the sheer number of apps is overwhelming as are the range of activities they address each one offers an opportunity for us to seek out meaning in the mundane Appified is the first scholarly volume to examine individual apps within the wider historical and cultural context of media and cultural studies scholarship attuned to issues of politics and power identity and the everyday Flipping Leadership Doesn't Mean Reinventing the Wheel Peter M. Designing Delay-Tolerant Applications for Store-and-Forward Networks Ed Birrane, Jason Soloff, 2020-01-31 This comprehensive resource explains how network application engineers benefit from store and forward protocols It reviews the motivation and design of delay tolerant networks DTNs and presents a series of design patterns with examples for developing and deploying delay tolerant applications The rationale for delay tolerant applications as an evolution of standard solutions to current terrestrial internet networking challenges is presented Similarities between internet architectures and DTN features are described along with an overview of the history of DTNs the architecture defining modern DTNs and the Bundle Protocol transport mechanism The book identifies emerging advanced networking concepts that require delay tolerance and presents network design patterns as a general way of reasoning about these concepts Delay tolerance is explained and how it can be used to cache content in a network perform open loop autonomous control of nodes annotate messages to reduce traffic needs perform distributed error correction implement in network data fusion and operationalize regional administration The book discusses special considerations unique to DTNs that must be accommodated by delay tolerant applications examples of using these patterns and a case study for their deployment

Celadon on the Seas Denise Patry Leidy, 2024 An exploration of southern China s ceramic industry and its links to Korea Japan Southeast Asia and beyond via the maritime trade

Beautifully illustrated and engagingly written *Celadon on the Seas* explores the development of the southern Chinese ceramic industry from the ninth to the fourteenth century Drawing on the collection of the Yale University Art Gallery it examines the artistic historical and technical aspects of dozens of ceramic objects offering an overview of the industry and its unique relationship to maritime trade Thousands of kilns throughout China flourished at this time some produced elegant wares with lush green glazes known as celadons while others created imaginative pieces in shades of black brown or white The Gallery's collection includes superb examples of celadons as well as an unusually rich group of the less studied green white and brown wares produced in Hunan Fujian and Guangdong Provinces many of which are previously unpublished An introduction and seven chapters examine not only the use of these ceramics primarily as ritual objects and vessels for dining and drinking but also the exchanges among production centers that contributed to the vibrancy of the southern Chinese industry Chinese ceramics also influenced competing kiln centers in Vietnam and Thailand the distinctive Korean celadon tradition and the evolution of the Japanese ceramic industry and tea ceremony The broad approach and new research presented in *Celadon on the Seas* make this book the first of its kind Distributed for the Yale University Art Gallery
