## When Doctors Get Sick:

**When Doctors Get Sick** H.N. Mandell,H.M. Spiro,2013-11-11 When a doctor gets sick his status changes No longer is his role defined as deriving from *doctus* i.e learned but as from *patiens* the present participle of the deponent verb *patior* i.e to suffer with all the passive acceptance of pain the verb implies From *passus* the past participle we get the word *passion* with its wide gamut of emotional allusions ranging from animal lust to the sufferings of martyrs It is the connotation not the denotation of the word that defines the change of status When a doctor is sick enough to be admitted to a hospital he can no longer write orders orders are written about him removing him from control of his own situation One recalls a sonnet from W H Auden's sequence *The Quest* which closes with the lines Unluckily they were their situation One should not give a poisoner medicine A conjuror fine apparatus Nor a rifle to a melancholic bore That is a reasonable expression of twentieth century skepticism and rationalism Almost all medical literature is written from the doctor's point of view Only a few medically trained writers one thinks of Chekhov's *Ward Six* manage to incorporate the patient's response to his situation Patients voices were not much in evidence until well into the twentieth century but an early example is John Donne's *Devotions upon Emergent Occasions* 1624    *When Doctors Get Sick* H.
