**Labyrinth Quest** MS Yvonne Hertzberger,2015-11-15 M rain on the cusp of womanhood while gathering food in the desert stops to rest in the mouth of a cave She is captured and held by a mad man claiming magic power who holds a small band in thrall He forces them to mine black rock that burns for him Glick a lizard with real magic guardian of the caves helps her escape He charges her with rescuing all those held in the labyrinth of caves and restoring them to their home village But M rain only wants to go home The people she must rescue mostly women come from a society at the other end of the cave maze an early agrarian people very unlike M rain s primitive desert one Part way through her quest she meets P puck a young man who has just undergone his rite of manhood He is smitten with M rain but she is not interested Nor is she free to decide her future until she completes her quest The caves a labyrinth of tunnels so complex that no one can pass through without getting lost are forbidden to both peoples But Glick with his magic gives M rain threads of light to follow and limited sight in the darkness By the time the prisoners are rescued and restored to their home village M

rain believes she has changed too much to return to her own people nor will she fit with the new ones This leaves her despondent But Glick has further plans for her which involve establishing trade between the two societies And Puck still wants M rain Glick arranges for him to be M rain s companion for the first forays back through the caves Glick challenges him with accepting M rain as leader a role not given to women in either society      *The Geognostic Pendulum; Or, an Enquiry Into the Theory of the Pendulum Experiment* Francis Roubiliac Conder, 1851      A Plain and Popular Explanation of the pendulum experiment Bertram Mitford (of Cheltenham.), 1851
