Thucydides and the Shaping of History Emily Greenwood,2006 Thucydides work was one of the most exciting creations in the cultural history of Greece in the fifth century BC and it still poses fresh and challenging questions about the writing of history There is a marked tension in Thucydides History between his aim to write about contemporary events and his desire that his work should outlast the period in which he composed it Thucydides and the Shaping of History addresses two important issues how contemporary was the History when it was written in the fifth century and how contemporary is it now This book combines a close analysis of Thucydides narrative with a discussion of its intellectual motivation it examines how the historian attempted to determine the way in which readers would respond to his conception of the events of the Atheno Peloponnesian War and to ensure the continuing influence of his ideas *The Journal of Military History* ,2006
