concerted effort by the Left to push the most extreme policies and ideologies into American public life while simultaneously labeling any opposition to their overreach as treason While this strategy has been developed for decades only since the Trump years has it become their central organizing principle and indeed the only governing strategy of the Democratic party Critical Race Theory in schools extreme gun control and abortion laws Covid lockdowns and mandates and all that is just the beginning The purpose of it all is to push non Leftist Americans into an impossible corner where they are forced to choose between giving up their liberty and their most dearly held principles going to jail or fighting back When the last becomes the only choice the Left plans to unleash the entire might of the Military Industrial Complex to defeat and destroy any vestiges of dissent They ll have to do it they ll say to protect us from an insurrection At that point we will have the Civil War that they have wanted and planned for since at least the 1960s The Sumter Gambit is a brisk primer on the primary differences between the two camps in America today and the ways in which Americans can and must act now to preserve our nation We must strengthen the country against its internal enemies who want to silence their opposition and impose upon us a radical Leftist ideology that is in the process of transforming America into a land no one would ever dream of calling the Land of the Free or the Home of the Brave There is no doubt that America is suffering from grave crises today Here the noted political analyst Islam expert and historian Robert Spencer shows just how severe those crises are and points the way back from the brink of civil war to political societal and cultural sanity *Bound to Bond* Mark Rubinfeld,2001-08-30 *Bound to Bond*

Gender Genre and the Hollywood Romantic Comedy looks at gender roles in a unique way by examining what the last thirty years of romantic comedy films have argued reflected and implied Mark Rubinfeld contends that essentially we are what we see and by identifying four basic plots of the genre representing four basic love stories he studies the implications of filmic depictions of male female relationships Cultural changes that have transformed our society since 1970 are seen here as we see them on the silver screen and the author analyzes notable examples of the genre with a rigorous sociological perspective What he reveals may be surprising during the seventies and to an extent the early eighties the plot conventions of Hollywood romantic comedy seemed to challenge rather than reinforce existing gender stereotypes Later however during what should have been a more enlightened time the genre reversed course reverting to more traditional types for men and women alike
