## Time Killers Comic Manga:

**Killer Bodies** Joseph Crawford, 2025-12-09 *Killer Bodies* offers a history of the single most critically derided subgenre in American superhero comics the bad girl comics of the 1990s which chronicled the blood soaked adventures of barely dressed and improbably proportioned action heroines for an audience of adolescent boys. While not in any way attempting to rehabilitate the genre which for the most part amply deserved its reputation as sexist and borderline pornographic this book situates it within its original cultural context as the result of a matrix of influences that included third wave feminism neopaganism girl power the rise of the internet the growing popularity of manga supermodel beauty ideals and the mainstreaming of pornography. It explores why and how the figure of the antiheroic physically aggressive sexually objectified heroine arose within American comics culture and the commercial and ideological factors that led to the genre's rapid rise and equally rapid decline amidst the crisis racked comics industry of the mid 1990s

**Ghost Train to the Eastern Star** Paul Theroux, 2009-08-25 In *Ghost Train to the Eastern Star* Theroux recreates an epic journey he took thirty years ago a giant loop by train mostly through Eastern Europe Turkey the Caucasus Central Asia the Indian Subcontinent China Japan and Siberia. In short he traverses all of Asia top to bottom and end to end. In the three decades since he first travelled this route Asia has undergone phenomenal change. The Soviet Union has collapsed China has risen India booms Burma slowly smothers and Vietnam prospers despite the havoc unleashed upon it the last time Theroux passed through. He witnesses all this and more in a 25 000 mile journey travelling as the locals do by train car bus and foot. His odyssey takes him from Eastern Europe still hungover from Communism through tense but thriving Turkey into the Caucasus where Georgia limps back toward feudalism while its neighbour Azerbaijan revels in oil driven capitalism. As he penetrates deeper into Asia's heart his encounters take on an otherworldly cast. The two chapters that follow show us Turkmenistan a profoundly isolated society at the mercy of an almost comically egotistical dictator and Uzbekistan a ruthless authoritarian state. From there he retraces his steps through India Myanmar China and Japan providing his penetrating observations on the changes these countries have undergone. Brilliant caustic and totally addictive *Ghost Train to the Eastern Star* is Theroux at his very best
