Time Tax Collector Mortimer Caplin:

The Triumph, Tragedy and Lost Legacy of James M Landis Justin O'Brien, 2014-11-13 James M Landis scholar administrator advocate and political adviser is known for his seminal contribution to the creation of the modern system of market regulation in the USA As a highly influential participant in the politics of the New Deal he drafted the statute which was to become the foundation for securities regulation in the US and by extension the founding principle of financial market regulation across the world He was also a complex and in some ways tragic figure whose glittering career collapsed following the revelation that he had failed to pay tax for a five year period in the 1950s The oversight was to cost possible elevation to the Supreme Court forced prosecution and sentencing in 1963 to one month s imprisonment commuted to forced hospitalisation and subsequent suspension of licence to practise This candid and revealing book sets his life in the context of his work as an academic legislative draftsman administrator and Dean of Harvard Law School In rescuing from history Landis s battles and achievements in regulatory design theory and practice it speaks directly to the perennial problems in financial market regulation how to deal with institutions deemed too big to fail how to regulate the sale of complex financial instruments and what role can the professions play as gatekeepers of market integrity It argues that in failing to learn from the lessons of history we limit the capacity of regulatory intervention to facilitate cultural change without which

contemporary responses to financial crises are destined to fail **Congressional Record** United States.
