Tinder Box The Iroquois Theatre Disaster 1903:

Tinder Box Anthony P. Hatch, 2008-10-01 The Iroquois Theater in Chicago boasting every modern convenience advertised itself proudly as absolutely fireproof when it opened in November 1903. Mr Bluebeard a fairy tale musical imported from the Drury Lane Theatre in London was the opening production. And leading the troupe of nearly 400 was one of the most popular comedians of the time Eddie Foy. None of the many socialites and journalists who flocked to the shows were aware that city building inspectors and others had been bribed to certify that the theater was in good shape. In fact the building was without a sprinkler system or even basic fire fighting equipment there was no backstage telephone fire alarm box exit signs a real asbestos curtain or ushers trained for emergencies. A month later at a Christmas week matinee the theater was illegally overcrowded with a standing room only crowd of mostly women and children. During the second act a short circuit exploded a back stage spotlight touching off a small fire which spread in minutes throughout the theater. Panic set in as people clawed at each other to get out but they could not find the exits which were draped. The doorways locked against gate crashers were designed to open in instead of out creating almost impossible egress. The tragedy which claimed more than 600 lives became a massive scandal and it remains the worst theater fire in the history of the country.

Asbestos and Fire Rachel Maines, 2005 This thought provoking and controversial book challenges the recent vilification of asbestos by providing a historical perspective on Americans changing perceptions about risk. Rachel Maines suggests that the very success of asbestos and other fire prevention technologies in containing deadly blazes has led to a sort of historical amnesia about the very risks they were supposed to reduce. Asbestos and Fire is an important contribution to a larger debate that considers how the risks of technological solutions should be evaluated.

Blockbusters of Victorian Theater,

1850-1910 Paul Fryer, 2023-11-15 This edited collection of essays details a wide ranging selection of some of the most sensationally successful theatre productions of the long Victorian era the real blockbusters of the age. Ranging from the world of operetta and music hall to spectacular drama and sensational melodrama the productions included provide the reader with definitive proof that the phenomenon of the smash hit show is not restricted to modern Broadway. This is a world that encompassed the ground breaking stage technology of Ben Hur the wide political impact of Uncle Tom's Cabin and the sheer creative originality of L'Enfant Prodigue. Supporting the star system productions featured some of the greatest names of the period Sir Henry Irving Sir Johnston Forbes Robertson James O'Neill and Dion Boucicault. This was the very dawning of a new media age which saw many of the productions transfer to the new world of silent cinema for the very first time.

The Perils of Moviegoing in America Gary D. Rhodes, 2011-11-24 During the first fifty years of the American cinema the act of going to the movies was a risky process fraught with a number of possible physical and moral dangers. Film fires were rampant claiming many lives as were movie theatre robberies which became particularly common during the Great Depression. Labor disputes provoked a large number of movie theatre bombings while low level criminals like murderers

molesters and prostitutes plied their trades in the darkened auditoriums. That was all in addition to the spread of disease both real as in the case of influenza and imagined movie eyestrain. Audiences also confronted an array of perceived moral dangers. Blue Laws prohibited Sunday film screenings though theatres ignored them in many areas sometimes resulting in the arrests of entire audiences. Movie theatre lotteries became another problem condemned by politicians and clergymen throughout America for being immoral gambling. *The Perils of Moviegoing in America 1896-1950* provides the first history of the many threats that faced film audiences threats which claimed hundreds if not thousands of lives. *Tinder Box* Anthony P. Hatch, 2003. Chronicles the events surrounding the fire at the Iroquois Theatre in Chicago on December 30 1903 explaining how the absolutely fire proof building became a funeral pyre for hundreds of victims. *Chicago History* Paul McClelland Angle, 2003. *Good Morning, Olive* Robert Viagas, 2022-10-01. Hamlet calls death that undiscovered country from whose bourn no traveler returns. But he's wrong. Some do return. Each night after the applause dies the curtain falls the audience vanishes the cleaners dust and the lights are killed great theatres become dark and silent places. But not always quite empty. That's when the theatre ghosts make their entrance and strut and fret their hour upon the shadowed boards illuminated only by the ghost light the solitary lamp that is required to burn through the night on every Broadway stage. Many of Broadway's busiest theatres continue to be just as busily haunted by spirits some with well known names and histories. *Good Morning Olive* named for one of the most beautiful and temperamental of Broadway's ghosts is about the ghosts that haunt theatres in New York and around the world. Broadway is the playground of stars so it's probably not surprising to learn that even its ghosts are stars. Meet some of Broadway's best known and most active celebrity ghosts. Don't worry like Casper they tend to be friendly. For the most part There's something special about theatres something especially conducive and welcoming to ghosts. Charles J Adams III wrote By its very nature a theatre is a vault within which every human emotion is at once imprisoned impersonated imitated and elicited. Tangles of cords and ropes tall curtains and backdrops which fade into high darkness cubicles and trap doors and passageways. *Good Morning Olive* takes readers on a tour of that world. *Staging Buenos Aires* Kristen L. McCleary, 2024-07-15. *Staging Buenos Aires* centers theater as a source of historical inquiry to understand how nonelites experienced and shaped a city undergoing dramatic transformations. Commercial theater constituted the core of the city's public sphere one in which middle class playwrights and audiences assumed the leading role. Audiences and critics often disagreed about what was acceptable entertainment. Playwrights used theater to promote their own ideas of sociopolitical change creating a space for working and middle class audiences to identify and push back against imposed regulations and attitudes. Cultural production on the city's stages revealed fissures and social anxieties about the expansion of the political system and of the public sphere as women became increasingly visible in urban spaces. At the same time theater also gave structure and meaning to these rapid changes providing the space for the city's playwrights and complex publics to play a key role in identifying processing and shaping the transforming nation. Plays helped audience

members work through dramatic shifts in societal norms as urbanization and industrialization resulted in the visible decline of patriarchal social structures made most visible in the urban sphere *Illinois Issues*, 2004 **CBA Record**, 2005 **A Theater of Our Own** Richard Christiansen, 2004 Who produced the first stage adaptation of The Wizard of Oz in 1902 nearly forty years before the movie classic **Theater Law** Robert M.
