Perrachon, 2010-09-28 Handmade rugs are

perpetual objects of desire sought after for their expressive designs and intricate combinations of pattern and color Whether hand knotted or handwoven their tactile quality completes any well furnished interior A rug often occupies fully a third of a room and if antique is also often its most expensive single item yet there has never been a book presenting decorative carpets as an integral component of interior design until now Decorative carpet expert Alix G Perrachon has for the first time compiled a book to guide all interested in placing handmade carpets in contemporary spaces from individual homeowners to interior designers and their clients Inside thirty two of America's most celebrated designers including Penny Drue Baird Samuel Botero Clodagh Jamie Drake David Easton Thomas Jayne Juan Montoya Suzanne Tucker Bunny Williams and Vicente

Victorian Monograms Motifs and Borders Susan Johnson, 2019-07-14 Monograms have always been a fashionable way for embroiderers to personalize fashion and home decor In contrast to the subtle white on white embroidery often found on bed linens and handkerchiefs the exuberantly colorful designs that follow are more modern than you might expect from Victorian needlework This collection is reproduced from German textile designer Friedrich Fischbach's work titled Bunt Stickerei Vorlagen colorful embroidery patterns published around 1870 These individual letters entwined monograms motifs and borders are a remarkable resource for modern needleworkers to use on their own projects Designs charted on graph paper are a universal language which can be translated into needlepoint and counted cross stitch with each square on the pattern representing a single stitch Author's Note Please be aware that older alphabets may not contain all letters For example I and J were often considered interchangeable and many alphabets contain only one or the other not both The elaborate diagonal monogram series L and M are shown on the front cover does not include J X or Y
