program in 1981 for Special Need Passengers the problem of boarding wheelchair passengers has remained unsolved As

present VIA operates 20 manual mechanical and one electrical station based lifts in major stations across Canada but

operation is slow and tedious At other stations the passenger must be manually boarded This report presents the

development of a concept and the building of a full scale mock up of a wheelchair lift device which is both train based and station based and operated by one person

The Vertical Transportation Handbook George R. Strakosch, Robert S.

Caporale, 2010-09-23 This new edition of a one of a kind handbook provides an essential updating to keep the book current

with technology and practice New coverage of topics such as machine room less systems and current operation and control

procedures ensures that this revision maintains its standing as the premier general reference on vertical transportation A

team of new contributors has been assembled to shepherd the book into this new edition and provide the expertise to keep it

up to date in future editions A new copublishing partnership with Elevator World Magazine ensures that the quality of the

revision is kept at the highest level enabled by Elevator World's Editor Bob Caporale joining George Strakosch as co editor
