The first book devoted solely to Halloween was published just over a century ago and now Halloween has its own encyclopedia. Major entries include Samhain the Celtic ancestor of Halloween, witches a major Christian addition to the mythology of Halloween and one that still generates interest and controversy, skeletons a universally recognized symbol of death, the Day of the Dead the Mexican holiday that is often compared to Halloween, the jack o lantern which has its roots in folktales starring the rascally Jack who always manages somehow to beat the Devil and trick or treating the most loved and misunderstood American Halloween ritual. Hundreds of small entries cover Halloween history and mythology, fortune telling, lore, harvest legends and 20th century additions to the holiday's rituals.
