## **Tin Forest Activities:**

**Think Green, Take Action** Daniel A. Kriesberg, 2010-08-16 This book provides an annotated bibliography of age appropriate literature and activities showing children the importance of environmental issues and teaching them the skills to take action In past years teaching children about conservation and environmental issues might have been an optional side topic to complement an earth science curriculum but in today s educational climate being green is a subject with great relevance and importance This book combines a wide variety of techniques to help students understand environmental issues and gain the skills needed to take action The children s literature and classroom activities suggested in Think Green Take Action Books and Activities for Kids are appropriate for elementary school students from grades three through seven covering three major environmental issues endangered species resource depletion and pollution After students have a grasp of the causes of these environmental problems the final chapter presents ways to take easy action that can create ripples of change across the world Educators in museums and nature centers home schooled children and their parents comprise an appropriate secondary audience for this instructive text

**Emotional Literacy** Andrew Moffat, 2017-07-05 This is an exciting hands on resource comprising over 200 whole class lesson plans These can be used with a class in their very first week at school in Year 1 right through to their last week in Year 6 Each lesson plan focuses on a text provides prompts for discussion and gives clearly explained engaging activities to suit all learning styles The lesson plans are based on 152 popular children s books There are many cross curricular opportunities with specific links to literacy particularly through the drama speaking and listening plans of the Renewed Primary Strategy The scheme also includes Circle Time games specially selected for their positive effect on the emotional well being of the child The author who is an Advanced Skills Teacher spent two years developing the scheme of work Each lesson plan has been tried and tested in many schools and is steeped in excellent primary practice The scheme is designed to support the aims of the Every Child Matters agenda The plans are differentiated by year group and are set out in modules which each last for six weeks making the resource a manageable format for class teachers to use and an ideal solution to the delivery of SEAL Primary

**Science and Drama: Contemporary and Creative Approaches to Teaching and Learning** Peta J White, Jo Raphael, Kitty van Cuylenburg, 2021-12-03 This edited volume presents interdisciplinary and transdisciplinary approaches to drama and science in education Drawing on a solid basis of research it offers theoretical backgrounds showcases rich examples and provides evidence of improved student learning and engagement The chapters explore various connections between drama and science including students ability to engage with science through drama dramatising STEM mutuality and inter relativity in drama and science dramatic play based outdoor activities and creating embodied aesthetic and affective learning experiences The book illustrates how drama education draws upon contemporary issues and their complexity intertwining with science education in promoting scientific literacy creativity and empathetic understandings needed to interpret and respond to the many challenges of our times

Findings throughout the book demonstrate how lessons learned from drama and science education can remain discrete yet when brought together contribute to deeper more engaged and transformative student learning
