Amazon Near Me:

Amazon Natalie Berg, Miya Knights, 2019-01-03 What is the secret to Amazon's success? What does the ecommerce giant have in store for the future? Explore the disruptive new retail strategies of the world's most relentless retailer and gain valuable lessons that can be applied to any business in the ecommerce sector with original insight from the company as it continues to revolutionize itself even further. The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. The rise of online shopping and its primary player, Amazon, is at the heart of these changes and opportunities. Amazon's relentless dissatisfaction with the status quo is what makes it such an extraordinary retailer. This book explores whether Amazon has what it takes to become a credible grocery retailer and as it transitions to bricks and mortar retailing, investigates whether Amazon's stores can be as compelling as its online offering. Exploring the ecommerce giant's strategies, Amazon offers unique insight into how innovations such as voice technology, checkout-free stores, and its Prime ecosystem will fundamentally change the way consumers shop. Written by industry-leading retail analysts who have spent decades providing research-based analysis and opinion on retail strategy and enterprise technology use in retail, Amazon analyzes the impact these initiatives will have on the wider retail sector and the lessons that can be learned from its unprecedented rise to dominance as stores of the future become less about transactions and more about experiences.

Amazon Nights Arthur O. Friel, 2005-03-01 When one thinks of the classic adventure story authors of the pulp fiction era, H. Rider Haggard, Talbot Mundy, and Rafael Sabatini may come first to mind. But Arthur O. Friel's stellar contributions, particularly his stories featuring Lourenco and Pedro, two workers on a rubber tree plantation in the Amazon Jungle, their adventures in the Amazon's mysterious back country, certainly deserve honorable mention. Here are tales of peril and last-minute rescue, brutal savages, and men of honor, snake worshipping armies, and half-ape. Lost Races and many more. For in the shadows of the rain forest, many evils lurk, human and otherwise. Features a new introduction by Darrell Schweitzer, eight short stories, and *The Jararaca*, a complete novel.

Planet Amazon Crystal Dawn, 2013 Andrea Staton, an Army Colonel, dedicates her career and her life to finding the hidden doorway from Earth to the planet Amazon. She is expecting an advanced world that she can learn from, but she is surprised by what appears to be a primitive world that is at war with Gallegos, the closest planet to them. As she negotiates her way around Amazon, Gallegos, and further into their galaxy, she learns secrets that unlock the past, not only of these worlds but also of Earth and specifically her own ancestors. She must learn to be a warrior and to deal with the men here who she finds very different and much harder to resist than the men from Earth. Can she choose between the men that pursue her, or will she choose to pursue the elusive man that resists the attraction they share? During her journey, she finds that not only can one person lead to great change, but also that sometimes you can't fight fate.
