After Mass Media Amanda D. Lotz, 2025-04-15 Explores the cultural role of screen storytelling in society With significant evolutions in digital technologies and media distribution in the past two decades the business of storytelling through screens has shifted dramatically In the past blockbuster movies and TV shows like Friends aimed first for domestic mass audiences although the biggest hits circulated globally Now transnational distribution plays a primary role and imagined audiences are global At the same time the once mass audience has significantly fragmented to enable an expansion in the range of

commercially viable stories as evident in series as varied as Atlanta Better Things and dozens of others that are not widely known but deeply loved by their microaudiences Delving into the changing landscape of commercial screen storytelling After Mass Media explores how industrial shifts and technological advancements have remade the narrative landscape over the past two decades Television and movies have long shaped society whether by telling us about the worlds around us or far away By examining the internationalization of screen businesses the rise of streaming services with multi territory reach and the stories made for this environment this book sheds light on the profound transformations in television and film production and circulation With a keen focus on major changes in the types of screen stories being told Amanda D Lotz unravels the industrial roots that made these transformations possible challenges some conventional distinctions of screen storytelling and provides new conceptual tools to make sense of the abundance and range of screen stories on offer Through its comprehensive analysis After Mass Media exposes how contemporary industrial dynamics particularly the erosion of traditional distribution models based on geography and mass audience reach have far reaching implications for our understanding of national video cultures

Spectator Sport and Fan Behavior, sequel Yair Galily, Simon Pack, Ilan Tamir, 2024-05-15 This Research Topic is the second volume of the Research Topic Spectator sports fan behavior Please see the first volume here Spectator sports fan behavior is vast and represents one of society s most universal leisure activities While event attendance and media consumption received a great deal of attention from scholars there is a growing understanding that sports fans interact both physically and digitally with their favorite teams in numerous other ways At the same time research also demonstrated a positive relationship between fan identification and self esteem Thus the aim of this Research Topic is to explore fan behaviors in many different areas involving sports media and the ever changing digital environment
