The book then warns of the negative aspects of the business, such as illegal sports betting, gambling scandals, and match fixing, the risks associated with illegal betting, and harm from problem gambling. In addition, the authors present marketing and advertising strategies for acquiring customers and forging relationships with teams, leagues, and sportsbooks. Special attention is given to the American Gaming Association's Responsible Marketing Code for Sports Wagering and its compliance considerations for sportsbook operators. Sports wagering is a data-driven business, and students will see how data are generated and transmitted to sportsbook operators. Managing and protecting that data is paramount to competitive advantage, and students will learn about intellectual property protections granted to sportsbook operators.
