A Hacker, I Am Craig Ford, 2019-09-07 This book is not your normal cybersecurity book it's not meant to be read from front to back chapter by chapter you open it up and pick which chapter piques your interest the most and read that one first Then choose your next one and read that and continue the process until you have finally read all of them You may have enjoyed them enough to go back and read your favourites again or you may prefer the last two fantasy chapters at the end of the book These were created to introduce you to the future hacker fantasy series that is currently being written and give you my readers a bit of a fun finish to A Hacker I Am By all means though if you want to stick to the old fashioned method of reading a book knock yourself out and read it from the front to the back hey you bought the book you should be able to read it however you want too This book is a collation of previous work rewritten and adapted for this book I have then written a lot of new content just for the book including those fantasy book teasers which I hope you all enjoy The book as you would have probably guessed it by now is all about Cyber Security but it's not written to be overly technical it's written so that it can be understood by anyone who wants to learn more about how to better protect themselves It covers many topics in cybersecurity including IoT autonomous cars hackers and many more that I have an opinion on This book will be great at helping introduce individuals to the area and help them get a better understanding of what to look out for what problems we are all going to face in the future but also have a bit of fun while we are at it Or if you are already in the industry then it will be still an entertaining read that can help give you a different perspective on a few things *PC Mag*, 2007-09-18 PCMag.com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology

THE BLACK BOOK. A Story of the Metaverse J. P. JOHNSON, A black book is a notebook where graffiti artists sketch their initial drafts It's generally shown to display their style to other graffiti artists It also serves as a sort of graffiti journal allowing one to see how their style evolves chronologically In Palma de Mallorca Cathy often accompanies her girlfriend Nuria to paint on highway fences though Cathy prefers exploring the Metaverse with her new Oculus glasses In China the government has just banned Bitcoin mining forcing a miner named Bao yu to shut down her money laundering business involving drug trafficking in cryptocurrencies In revenge Bao yu decides to keep fifty million dollars in bitcoins which she will desperately transfer to a random account in the Metaverse The adventure begins Overnight Cathy and Nuria become multimillionaires while the world's top intelligence agencies start chasing them Their lives in the Metaverse become public but real life is very different though not as much as they would have wished J P Johnson lives on the island of Mallorca A former bodyguard for military officials and a stockbroker he now dedicates himself exclusively to literature He is the author of the famous sagas The Fifth Origin The Revenge of the Earth and The Devil on the Island published under his real name Joan Pont as well as the self help series Yes I want Yes I can and the children's book A Pet for Tom BOOKS BY J P JOHNSON
