

Reading Comprehension Skills

Explained for Parents

If you have a child in any stage one, they will be learning how to read during their phonics lessons at school. Learning to read needs to be a vital skill. Actually understanding what they have read and being able to talk about it is another skill your child will be working on.

During English lessons, your child's teacher will show you what how to read a text and use the answer questions to show their understanding. Your child will get lots of opportunities to develop these skills in small groups or as part of a class discussion. You can also use questions to support your child at home to develop their comprehension skills.

When you are reading at home with your child, as well as talking to their parents when reading, you can develop their comprehension by asking them what they have read. Your child will be asked to talk about what they have read and how they have understood it. It can be hard to know what to say, so we've created some questions that develop each skill.

All reading is a skill, even if it's reading a comic book or a website. Your child will learn about how words work by making a range of games, from letter cards and word cards to advanced comprehension tasks. Don't forget that they will also learn to read other materials, such as maps, timetables, stories, comics, notices, reports and more. Your child will have something to read at home. You can help your child to read at home by asking them to explain what they have read. You can also use questions to support your child at home to develop their comprehension skills.
