## We Are Never Alone Reassuring Insights From The Other Side:

The Force Is with You Always! Richard Koepke,2011-02-16 This book teaches people how Spirit operates directly in our lives today and what we must do to live life to the fullest and with malice toward none It teaches spiritual principles on how to live life with gratitude acceptance joy abundance and wellness It connects us with our eternal being within and encourages us to create our own soul music without Have we lost our way as a society In the wake of humans murdering over 100 million other humans in the past century many of us are seeking answers to the ever increasing cultural violence surrounding us From capital punishment to going postal we live in a very violent society Hardly a day passes without news of government torture prisons drive by shootings a ten year old boy murdering his father or a congresswoman being shot in the head Shocking revelations such as American government doctors using unsuspecting American citizens as human guinea pigs for decades of medical experiments further alienate the government from the people that they are supposed to serve It seems to me that we need a new vision of humanity that our faltering institutions have failed to provide I believe that we need to replace institutional blight with greater spirituality We need a new spirit of integrity that replaces the often deceitful and violent leadership we currently embrace We need to challange the don t get mad get even mentality in our society with greater understanding for one another We need to be role models for positive reinforcement learning rather than the punishment that only teaches more violence and hatred and like the Montagues and Capulets the never ending need to seek revenge This book addresses how to live a life of health and wellness in the midst of a truly sick society

**The Tenderness of God** Gillian T. W. Ahlgren,2017-01-01 At moments in history individuals have embodied the gospel message with creativity and passion One such moment began when a returned veteran named Francis Bernardone found a whole new world in a desolate space just outside Assisi a leper colony Drawn to discover the incarnate God and joined by a collaborator as able and determined as he Francis and Clare of Assisi s desire to live authentically in gospel simplicity ushered in a revolutionary sensitivity to the presence of God within the human community Today eight hundred years later the first pope to take the name Francis invites us to engage the revolution of

tenderness to which we are summoned by the God who became flesh The example of Pope Francis gives us a new and vivid sense of just how compelling radical sincerity and reverent encounter with others can be Capitalizing on the legacy of Francis and Clare and the energy of a visionary pope who raises critical questions about how to be faithful to the gospel The Tenderness of God invites readers into a rich conversation across time and space about how to recapture our humanity and nurture our God given capacity to live meaningfully and joyfully in communion with others **Lessons of Love from Above** Teresa Thibodeau,2019-08-07 This book is a guide to improve our daily lives through the practice of wisdom teachings from the masters These teachings are in agreement with those of A Course in Miracles as well as Gary Renard s later writings
