the opportunity to immerse themselves in rare manuscripts and images many from the Shapell Lincoln Collection that show Lincoln in a way he has never been seen before Lincoln's lifetime coincided with the emergence of Jews on the national scene in the United States When he was born in 1809 scarcely 3 000 Jews lived in the entire country By the time of his assassination in 1865 large scale immigration principally from central Europe had brought that number up to more than 150 000 Many Americans including members of Lincoln's cabinet and many of his top generals during the Civil War were alarmed by this development and treated Jews as second class citizens and religious outsiders Lincoln this book shows exhibited precisely the opposite tendency He also expressed a uniquely deep knowledge of the Old Testament employing its language and concepts in some of his most important writings He befriended Jews from a young age promoted Jewish equality appointed numerous Jews to public office had Jewish advisors and supporters starting already from the early 1850s as well as later during his two presidential campaigns and in response to Jewish sensitivities even changed the way he thought and spoke about America Through his actions and his rhetoric replacing Christian nation for example with this nation under God he embraced Jews as insiders In this groundbreaking work the product of meticulous research historian Jonathan D Sarna and collector Benjamin Shapell reveal how Lincoln's remarkable relationship with American Jews impacted both his path to the presidency and his policy decisions as president The volume uncovers a new and previously unknown feature of Abraham Lincoln's life one that broadened him and as a result broadened America
