Winthrop,Thomas Hutchinson,United States. President (1861-1865 : Lincoln),1907    *The Churchman* ,1882    History of  
American Schoolbooks Charles Carpenter,2015-09-30 The lineage of American schoolbooks like that of our educational  
system goes back to Europe and particularly to England The first schoolbooks used in the United States were printed in  
England and for two hundred years a great influx of books came from sources outside this country However with the break  
from England and the emergence of the United States as a nation text book publishing came into being in America This book  
presents a general portrayal of American textbooks and along with this as a requisite accompaniment a picture of the pioneer  
day school system insofar as it had to do with production and early usage of schoolbooks The author shows how the first  
textbooks came to be tells of textbook writers and traces through the bulk of the material presented the changes that most of  
the textbook authors brought about The types of books discussed include the New England primers as well as other types of  
primers readers specially the McGuffey readers rhetoric and foreign language books arithmetics spelling books literature  
texts elocution texts handwriting and copy books histories and many other books that made our school systems what they are  
today Besides being a study of the textbook field in America History of American Schoolbooks is also a history of the United  
States as reflected in the type of teaching and instructional aids used to educate Americans A study of this subject is by no  
means just an interesting side trip into America s past Many of the books are still influential and many of the old methods are  
staging a come back in the educational field History of American Schoolbooks should be of interest to educators and  
historians as well as teachers librarians book collectors publishers and general readers who are interested in the evolution  
and growth of a segment of education and educational publishing that is one of the most important and vital in our country
