Welcome Letter For Kindergarten Students:

194 High-Impact Letters for Busy Principals Marilyn L. Grady, 2006-07-21 Grady's book encourages principals who are perpetually pressed for time to get to correspondence that languishes at the bottom of their to do lists. My own correspondence has doubled since getting my hands on this book. Cathie West Principal Mountain Way Elementary School Granite Falls WA. The letters cover a wide variety of topics and give administrators ideas on what kind of letters to write. After going through the letters I realize that I need to send more letters of appreciation to parents and organizations. Gina Segobiano Principal Superintendent Signal Hill School District 181 Belleville IL. Build a culture of care with positive communication. As the key communicators for schools principals write a wide range of correspondence from thank you letters and congratulations to best wishes and other personal notes. Yet this critical responsibility can easily fall victim to every administrator's busy schedule. Marilyn Grady's updated and expanded collection of letters is truly a time saving starter kit with user friendly and easy to personalize templates to revitalize every busy administrator's communications repertoire. This practical resource provides jargon free templates useful for improving communication with parents teachers and other school stakeholders. Initiating a letter a day plan to improve school culture. Advancing parent education health and wellness and safety initiatives among others. Reminding you to communicate with all stakeholders. Evaluating your current written communication. Identifying areas where you could communicate more. This targeted collection will add a new level of organization efficiency and effectiveness to your communication tasks. Unlock the secrets of effective communication and watch relationships on all levels flourish. Includes a PC and Mac compatible CD ROM containing all letters for easy customization.

124 High-Impact Letters for Busy Principals Marilyn L. Grady, 2000-08-16 The letters that can make a difference in the principalship often are the letters that principals have no time to prepare. Often must write negative letters consume the principal's letter writing energies. This collection of letters is primarily focused on the letters that principals have no time to prepare. Clearly principals know how to write letters. They simply have incredible time constraints. The letters in this manual are not a substitute for the personalized letters that principals will craft. This collection is merely a starter kit. The timesaving templates are easy to personalize and customize with the CD that provides a powerful and effective tool ready at the click of the computer mouse.

Pawlas, 2013-10-11 This large collection of handy ideas features easy to use tools, comprehensive checklists and sets of Do's and Don'ts advisories. It provides guidelines on how to conduct effective parent conferences, suggestions on how to recruit

and work with volunteers and other useful tips to help bring your school and your community closer together

Connecting Character to Conduct Rita Stein, Roberta Richin, 2000-10-15 The decisions today's students make ripple outward to their immediate family and school community. How can we help students make the right decisions and do the right things? Test preparation and academic rigor alone cannot help our students learn well. Metal detectors and surveillance equipment alone cannot keep schools safe. Learning and safety are inextricably connected to the fundamentals of character and conduct. When we help students make the connection between character and conduct we begin to offer them a safe environment conducive to learning. In *Connecting Character to Conduct* the authors show how to connect character, conduct, and your school's curriculum. By adopting the principles of respect, impulse control, compassion, and equity, the school community including bus drivers, cafeteria workers, students, parents, teachers, and principals can promote safety and learning inside and beyond the school walls. These guiding principles are not an add-on to an already full curriculum. Through their connection to moral development, language arts systems, citizenship, and discipline, they are part of a standards-driven curriculum and instructional program. The authors, with expertise as classroom teachers, administrators, counselors, and psychologists, show you how students at all grade levels can succeed and learn to do the right things. Our students depend on us to help them learn and stay safe. Their future and ours depends on how well we succeed. Note: This product listing is for the Adobe Acrobat PDF version of the book.
