Racisms in a Multicultural Canada Augie Fleras,2014-04-29 In acknowledging the possibility that as the world changes so too does racism this book argues that racism is not disappearing despite claims of living in a post racial and multicultural world To the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit Racisms in a Multicultural Canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes Rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry This multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist strategies capable of addressing it Employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society

Justice Unbound Patrizia Longo,2018-12-17 This important anthology provides students and teachers with voices of social and global justice that have been marginalized or forgotten by history It gives thought leaders from the Global South a platform and engages the voices of oppressed communities including Charles Mills and Franz Fanon and Ella Baker This text is a comprehensive analysis of modern and contemporary theories of justice

Since the publication in 1971 of John Rawls's *A Theory of Justice* there has been much debate on his views from both the right and the left of the political spectrum. But there is a lack of textbooks that provide not only a compilation of substantial selections on challenges to Rawls's theory from feminist and postcolonial scholars but that also include writings by non-white and non-Western authors on different aspects of justice. This book fills this huge gap and brings together many influential writings on the topic of justice that are often omitted in philosophy and political theory collections. This work addresses complex issues in an increasingly diverse society.

Yet Another Costume Party Debacle Ingrid A. Nelson, 2024-12-11

How the policies of elite colleges allow racially themed parties to continue by perpetuating the status quo. On a cold February evening a group of students at Bowdoin College, an elite and historically white liberal arts college in Maine, gathered to drink tequila at a party referred to as not not a fiesta. By noon the next day Instagram videos of students sporting miniature sombreros had spread like wildfire through campus. Over the next few weeks national media outlets would broadcast the embarrassing fallout. But the frequency with which similar parties recur on campuses across the United States begs the question: what if anything do undergraduates learn about race and racism from these encounters? Drawing on interviews and archival research, *Yet Another Costume Party Debacle* shows us how colleges both contest and reproduce racialized systems of power. Sociologist Ingrid A. Nelson juxtaposes how students and administrators discuss race with how they behave in the aftermath of racially charged campus controversies. Nelson spoke in depth with students and other key players in several controversial parties: Cracksgiving, a gangster party, and the not not a fiesta tequila party at Bowdoin. The college's administrative response failed to encourage productive dialogue or address larger questions about race on campus. Nelson shows how the underlying campus structures at elite liberal arts colleges foster an environment that is ripe for racially charged incidents; we shouldn't be surprised when we read about yet another costume party debacle. Nelson advises how we can take charge of diversity on our campuses by changing the systems that bring students together and drive them apart.
