Congressional-Executive Commission on China,2018 [iPhone: The Missing Manual](#) David Pogue,2015-12-11 The iPhone may be the world's coolest computer but it's still a computer with all of the complexities iPhone The Missing Manual is a funny gorgeously illustrated guide to the tips shortcuts and workarounds that will turn you too into an iPhone master Written by Missing Manual series creator and former New York Times columnist David Pogue this updated guide shows you everything you need to know about the new features and user interface of iOS 9 for the iPhone This easy to use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone **Prime Time** Bec Wilson,2025-07-30 From Bec Wilson hit podcast host and bestselling author of *How to Have an Epic Retirement* comes the ultimate guide to modern midlife We're now living longer saving smarter working more flexibly and seeking meaning at every turn In 27 practical lessons let Bec guide you on everything you need to know to make your Prime Time count The period from your late 40s well into your 70s is what Bec calls your Prime Time These years can be some of the best of your life if you make the right choices Far from winding down this is the time to truly live In this essential handbook Bec guides you through the key pillars of power money health work purpose happiness family and travel This isn't just about adjusting to a longer lifespan it's about creating a richer more fulfilling life Prime Time 27 Lessons for the New Midlife isn't just a roadmap to retirement it's a playbook for a life lived with intention energy joy and financial confidence With Bec Wilson as your guide you can embrace this incredible stage and truly make the most of your Prime Time Money takes centre stage in this guide with strategies that go beyond the basics Learn how to make the most of superannuation invest with purpose maximise compounding and franking credits understand spending and layering of income and how to leverage tax concessions Beyond simply reaching enough to retire Bec shows you how to build flexible financial foundations that will allow you to enjoy these years to the fullest Along with the financial foundations this guide is packed with insights for building purpose and joy into every day with practical advice for extending or reshaping your career crafting a purpose driven second act creating work life flexibility strengthening family ties and looking after your changing body Ready to make the most of

your Prime Time Then you need this book now

Take Control of Your Apple Account, 2nd Edition Glenn

Fleishman, 2025-09-10 Prevent or solve problems with your Apple Account Version 2.0 updated September 10, 2025 The center of the Apple world is your Apple Account. This identifier ties up your access to iCloud, to purchased and streaming music, TV, and movies, and to all your devices. While an Apple Account is essential, Apple has made it difficult to navigate the many features associated with it, and particularly to troubleshoot and resolve problems that crop up. This book answers dozens of questions and guides you through solutions. It also explains how to use security recovery and other features tied to your Apple Account. Everything Apple relies on your Apple Account. It's a key that unlocks a long list of Apple products and services on any of numerous devices. iCloud uses an Apple Account, as does Apple Music, the App Store, the Music TV, and Books apps, and more. An Apple Account protects your personal information, including email, and iPhone/iPad backups help you find a lost iPhone/iPad/Mac or Apple Watch, and can even unlock your Mac. So it goes without saying that if something goes wrong with your Apple Account, you could be in for a world of hurt. Unfortunately, things go wrong with Apple Accounts all the time. Fortunately, Glenn Fleishman, a veteran technology journalist and the author of Macworld's Mac 911 column, is ready to help with expert advice on how to manage your Apple Account, including how to prevent, solve, or work around most common problems. This book is fully up to date with iOS 26, iPadOS 26, macOS 26, Tahoe, watchOS 26, tvOS 26, and other Apple products and services. In this book, Glenn answers questions like: What all is my Apple Account used for? How does my iCloud account relate to my Apple Account? What's two-factor authentication, and how do I manage it, and not get locked out of my account? Should I invest in hardware security keys to up the protection of my Apple Account? Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem? Spoiler: yes. What should I do if I have two or more Apple Accounts or iCloud accounts? Will I lose access to all my Apple media purchases if I move to another country? Can I share an Apple Account with someone else? What does an Apple One subscription offer, and how does it interact with Family Sharing and iCloud storage tiers? Is there an explanation for how code-based and hardware-based second factors protect my account, and how they differ from passkeys? Yes. What exactly should I do if I think someone is hacking my Apple Account? How can I recover a forgotten Apple Account password? What happens if I'm assaulted or drugged, and someone gains access to my iPhone passcode and resets my Apple Account? Sadly, a too-real, if uncommon, problem. What steps should I take if Apple locks me out of my account? If I lose access to an email address associated with my Apple Account, what can I do? What Apple Account changes in recent versions of iOS, iPadOS, and macOS do I need to know about? How can I use Family Sharing to share data and purchases within my family? What types of subscriptions can I manage with my Apple Account, and how? Which payment methods can I associate with my Apple Account, and how do I manage them? And that's just the beginning. Glenn has packed a remarkable amount of concise problem-solving information into this comprehensive book. Read it before you encounter Apple Account problems to minimize your risk, and if you've already encountered a problem, read it to find the best

path to a rapid solution **iPad Secrets (Covers iPad, iPad 2, and 3rd Generation iPad)** Darren Murph,2012-03-22 Most iPad users are familiar with the product s basic functions but the iPad offers an endless array options and one doesn t need to be a pro to understand iPad Secrets provides the millions of iPad owners with a true behind the scenes look into a vault of features and little known short cuts of this sea changing tablet Direct from a product reviewer at Engadget the world s most read tech blog iPad Secrets provides practical information to vastly improve one s tablet experience and to make the device more useful as a tool The book includes secrets tips and tricks including Managing Multiple E Mail Accounts Contacts and Scheduling Making The Most Of Multitasking Wrangling iTunes While Maintaining Your Sanity Making The Most Of FaceTime and Those Other Video Calling Solutions AirPlay Streaming Secrets of the Multimedia Variety Taking Advantage of Wireless Functionality iMessage And The Wide World of Push Notifications iCloud Integration AirPlay Streaming Secrets of the Multimedia Variety Taking Advantage of Wireless Functionality iMessage And The Wide World of Push Notifications iCloud Integration iPad Secrets is ideal for anyone wanting to take advantage of the countless options the iPad has to offer
