*Covenant of Blood* H.R. van Adel, 2020-01-31 On Thayria the brutal Sarasinian League dominates. Yet beneath its arrogant facade decades of corruption, neglect and incompetence have left it weakened and vulnerable. Even as its subject peoples yearn for freedom the League preoccupied with violent expansion shows astonishing complacency in the face of impending revolt. Against a backdrop of relentless bloody battles a provincial governor chooses a path that could change the course of history. A group of military cadets faces an increasingly dire future. And a jaded research assistant sets out to recover an object of immense power and dreadful consequence. In the centre of this gathering storm stands an improbably long lived and immensely powerful figure whose hatred of the League knows no bounds. A tale of diverse peoples and places *Covenant of Blood* is set in a world where innocence is dead, mercy is non-existent and authority is wielded with an iron fist. **The**

**Democratic Party** Douglas B. Harris, Lonce H. Bailey, 2014-10-07 Through an examination of key historical documents this book chronicles the Democratic Party's complete transformation from the small government Jeffersonian party to a party of activist government and social progressivism during the presidencies of Franklin D Roosevelt, Lyndon Johnson, Bill Clinton and Barack Obama. What are the objectives of today's Democratic Party and what historic events have guided its evolution from a decidedly different ideological starting point more than 200 years ago? *The Democratic Party Documents Decoded* supplies a thorough historical examination of the Democratic Party from its distant origins in George Washington's administration to the two term administration of Barack Obama. Told through key documents and speeches this history comes alive in the words and thoughts of those who built, sustained and transformed the Democratic Party. No other book uses documents in this way to tell a comprehensive history of this party. The book utilizes primary documents to investigate a breadth of topics such as the Democratic party's positions on civil rights, discrimination, voting rights, taxation, representation, immigration, primary elections, caucuses, the Republican opposition, relations between church and state, the role of government and foreign policy. The scholarly commentary provides essential context that bridges the gaps between documents and insightful explanations and clarifications of specific passages or terms to ensure reader comprehension. A work unlike any other on the history of the Democratic Party, this book will serve advanced high school students in government and history classes as well as undergraduate students taking courses in political science and history.
