## **Weather Modification: Programs, Problems, Policy, and Potential: 95th Congress, 2nd Session, 1978** ,1978 Learning from Weather Modification Law for the Governance of Regional Solar Radiation Management Manon Simon,2024-05-09

This book investigates the role of cloud seeding laws in governing regional solar radiation management SRM activities It challenges the prevailing belief that cloud seeding laws are irrelevant to regional SRM governance and argues for their applicability Through case studies in Australia Canada and the United States the book highlights the need for legal frameworks that promote cross scale interactions stakeholder participation flexible decision making and conflict resolution It advocates for adopting adaptive governance principles to effectively manage the risks and uncertainties associated with regional SRM interventions By filling a gap in the existing literature this book offers valuable insights and recommendations for the governance of regional SRM shedding light on the potential of cloud seeding laws to inform and shape SRM governance frameworks It provides a comprehensive analysis of the legal and normative aspects offering practical guidance for policymakers researchers and stakeholders involved in regional SRM initiatives

**The Technological Fix** Lisa Rosner,2013-02-01 The term technological fix should mean a fix provided by technology a solution for all of our problems from medicine and food production to the environment and business Instead technological fix has come to mean a cheap quick fix using inappropriate technology that usually creates more problems than it solves This collection sets out the distinction between a technological fix and a true technological solution Bringing together scholars from a variety of disciplines the essays trace the technological fix as it has appeared throughout the twentieth century Addressing such fixes as artificial hearts industrial agriculture and climate engineering these essays examine our need to turn to technology for solutions to all of our problems Scientific and Technical Aerospace Reports ,1980 Fixing the Sky James Rodger Fleming,2010 These ideas might sound like science fiction but in fact they are part of a very old story For more than a century scientists soldiers and charlatans have tried to manipulate weather and climate and

like them today s climate engineers wildly exaggerate what is possible Scarcely considering the political military and ethical implications of managing the world s climate these individuals hatch schemes with potential consequences that far outweigh anything their predecessors might have faced *The Journal of Weather Modification* ,1996 *Meteorological and*
